SEVEN CENTS

U.S. SHRUGS AT RUSS 'DRILLS'

Chef Judy And Chow Line

The early bird may get the worm but if you're a robin belonging to Judy Everett you have to get in line to get anything to eat at all. Judy, the 8½-year-old daughter of Mr. and Mrs. Elmer M. Everett of 626 So. 48th, is shown feeding her 7 young robins, (from left: Robin, Bobin, Tobin, Lolly, Polly, Dolly and Molly). The little birds which had blown out of their nests were found in 2 groups, Judy found 3 of them on July 2 and the rest on July 10. She has been feeding the large hungry family on bread, milk, tomatoes, fruits, worms, hamburger and bacon. The robins soon will have to learn to feed themselves, according to Judy, as she plans to release them when they learn how to fly. (Star Photo.)

July's Been WET

July, 1958 may soon become the wettest July in Lincoln history.

With nearly 2 weeks left in

SHOWERS TO ADD ONTO 2-INCH RAIN

More scattered showers and thunderstorms are forecast for Nebraska Friday and Friday night, following showers which brought about 2 inches of rain to many spots in the state early Thursday.

Slight flooding was reported on the Big Blue River in the Beatrice area after that city got 2½ inches of rain.

Most of the flooding was in scattered areas in the northeast part of town and along Memorial Drive, one of the city's low spots.

Fairbury-Barneston
The Big Blue was also expected to be over its banks in the Fairbury area and at Barneston Friday. Fairbury received 2.09 inches of rain Thursday.

Besides Beatrice and Fairbury, better than 2-inch rains fell at Guide Rock, Hebron, Auburn, Harbine and Superior.

Lincoln received 1.19 inches late Wednesday and early Thursday and temperatures here reached a moderate 78. Showers continued Thursday night at Sidney.

Latest rainfall throughout Nebraska as reported by the U.S. Weather Bureau and the Lincoln Telephone and Telegraph Co. included:

Alma	1.77	Kramer	1.13
Ashland	.90	Lincoln	.76
Cretia	1.35	Payne City	.89
Davey	1.30	Plattsmouth	.86
David City	1.42	Raymond	.93
Devere	1.34	Red Cloud	.75

the month, rainfall here has amounted to 7.90 inches, just 18 inch less than the all-time high for the month, recorded in 1908.

According to the local Weather Bureau, the average Lincoln rainfall totals 3.10 inches for July.

The Bureau's records show that there has been a sharp increase in rainfall in Lincoln since 1955, when the city received only .61 inches.

In 1956 the total for July amounted to 4.38 and last year it increased to 6.05. The most dry July, according to the Weather Bureau's records, which go back to 1905, occurred in 1936 when only .08 inches of rain fell here.

July rains have brought the city's total rainfall for the year to 19.74 inches compared with last year's 14.33.

Old Problem

Luray, Va. (P)—Rangers in Shenandoah National Park reported the recurrence of an old problem. Bears are still chewing up the redwood signs which say "don't feed the bears."

INVENTORY OF TREASURY TURNS UP \$118,596,505

... And Shotgun, Flashlight, Watch, Ring, Etc.

A 16-gauge shotgun, flashlight, suitcase, gold band ring, pocket watch and fob, cigarette lighter, a locket ring, locket brooch and 27,005 shares of defunct oil stock are included in the items over which Mrs. Bertha Hill became "keeper of the keys" when she was named state treasurer.

Incidentally, she also is watchdog over some \$118,596,505.44, according to the inventory completed by State Auditor Ray C. Johnson. The "hard" goods itemized at the beginning of this story came to the State of Nebraska as escheat estate personal property from 2 persons who died without leaving wills or any known heirs.

If the items can ever be sold, the funds from the sale would be turned over to the Board of Educational Lands and Funds for investment for

UNITED STATES CHARGES:

U.N. Could Fall Apart

Lodge Claims Red Plot To Take Over Middle East Must Be Halted By United Nations

United Nations, N. Y. (P)—The United States warned Thursday the U. N. may collapse if it fails to cope with a master plot to take over the Middle East by indirect aggression.

U. S. delegate Henry Cabot Lodge delivered the warning in the 11-nation U. N. Security Council. But late Thursday night the council decided to delay action until Friday on rival U. S. and Soviet Middle East resolutions.

Soviet delegate Arkady A. Sobolev demanded that the council approve his resolution calling for immediate withdrawal of U.S. troops from Lebanon and British troops from Jordan. He said he would ask for an emergency session of the 81-nation General Assembly if the council turns down the resolution.

U.S. sources said the United States would favor Assembly action if the Russians veto a U.S. proposal for an international military force to replace U.S. troops in Lebanon.

The situation was complicated by a dispute over the future role of the U.N. observer group now in Lebanon seeking to stop flow of outside aid to the rebels.

Opposed

Sweden formally proposed that activities of the observer group be suspended while U.S. forces are in Lebanon. The Soviet Union supported the proposal and the United States opposed it.

The observer group itself recommended to the U.N. that its size be increased to 200 and it be given an unspecified number of "unarmed troops" for direct night-and-day patrolling of the frontier.

Japan, meanwhile, criticized the United States for sending troops into Lebanon while the council was dealing with charges that President Nasser's United Arab Republic is trying to overturn Lebanon's government.

Ambassador Koto Matsudaira urged the withdrawal of U.S. forces as soon as practical.

The Council will meet again at 9:30 a. m. EST Friday.

Cairo Papers

Lodge did not refer to President Nasser of the United Arab Republic in making his charges, but he said the plot stemmed from one "source" and you can read all about it in the Cairo newspapers.

"Make no mistake about it, my colleagues. History will hold us responsible. We cannot avoid an answer to the question: Is the United Nations to condone subversion in plain clothes controlled from outside a country?"

"If the United Nations cannot deal with indirect aggression, the United Nations will break up. This could surely be the rock on which this organization could founder."

Foes Of Marines Increase

...Guns Unfired

Beirut, Lebanon (P)—Many pro-western members of Parliament Thursday were reported rallying to speaker Adel Osseyran in opposition to the landings of U.S. Marines in Lebanon.

A quick check of the membership indicated that these include deputies normally friendly to President Camille Chamoun but now opposing his invitation that brought the Marines ashore.

Osseyran has protested the landings to President Eisenhower and to the U.N. He claimed that a majority in Parliament back his protest and said he plans to call a special session to consider the complaints.

One report said almost two-thirds of the entire Parliament have lined up behind Osseyran. Although pro-Chamoun and pro-West, some complained Lebanon's independence and sovereignty have been infringed on by the landings.

Many merchants in the capital rejoiced over new customers. The Marines, their guns unfired are dug in around International Airport and along Beirut's gold coast and are buying soda pop at 50 cents a bottle.

Rebel leaders also opposed the landings and have vowed to fight it. Their opposition stems from other grounds, chiefly their fight against Chamoun succeeding himself as President. They deny they are backed by the United Arab Republic of President Nasser and insist they are only an internal political opposition.

The opposition leaders met and reportedly left up in the air the question of forming a separate government. They are apparently marking time waiting for future moves in the U.N. and the settlement of the U.S. intervention question.

The Weather

NEBRASKA: Considerable cloudiness Friday and Friday night. Scattered showers and thunderstorms Friday and in west and south Friday night. Warmer east Friday otherwise little temperature change. Highs 78 to 88.

KANSAS: Partly cloudy warmer humid Friday and Friday night. Warmer north Friday and Friday night. Warmer south Friday and Friday night. High Friday 88 to 95, and Friday night 88 to 95.

LLOYD AND DULLES CONFER

British Foreign Secretary Selwyn Lloyd and Secretary of State John Foster Dulles arrive at the White House for an important conference with President Eisenhower. The British diplomat flew to Washington to confer with top United States officials on the stormy Middle East situation.

U.S. Backs British Move Into Jordan

... Ike, Selwyn Lloyd Confer

Washington (P)—President Eisenhower and British Foreign Secretary Selwyn Lloyd Thursday reviewed British-American military moves in the seething Middle East and reported "a close identity of views."

The 2 leaders met in an hour-long emergency conference at the White House as the United States proclaimed its support of British troop landings in pro-West Jordan.

This country emphasized that no American forces will be sent to join British paratroop units in Jordan's capital of Amman for the time being at least.

Jordan's young King Hussein has appealed to both western powers for help in averting what he calls a plot similar to that one that overthrew Iraq government last Monday.

The White House conference followed 4 hours of intensive talks between Lloyd and Secretary of State Dulles. The British Foreign Secretary flew from London to co-ordinate American - British military moves.

Integrity

In a joint statement referring particularly to Jordan and Lebanon Eisenhower and Lloyd reported they discussed the combined efforts of their governments to "assure the independence and integrity of these 2 small countries by giving them assistance requested by their lawful governments."

Lloyd and Dulles, accompanied by their military advisers, hurried back to the State Department late Thursday to continue the virtually non-stop talks that began within minutes after the British secretary's plane landed here shortly before noon.

About 7½ hours after his arrival in Washington, Lloyd concluded his first day's round of conferences. On emerging from the State Department he told newsmen he had had "good and useful talks" on the Middle East situation.

The State Department said the talks will be resumed Friday.

Diplomatic reports from overseas indicated the pro-Egyptian rebels who seized the Iraq government Monday were in firm control of most of the nation.

Chapin Named To Head Auditorium Advisors

... 15 Applications For Manager

Richard W. Chapin was named chairman of the Auditorium Advisory Committee at its meeting Thursday.

Other newly-elected officers are John Curtiss, vice chairman, and Sam Haupt, secretary.

The committee formally accepted "with regret" the resignation of Don Jewell as auditorium business manager and announced selection of his successor would not begin until after Aug. 15.

Jewell, who has held the post since the auditorium's opening in 1957, is leaving about Nov. 1 to become manager of the new Portland (Ore.) Recreation-Exposition Center.

Approximately 15 applications, including 10 from Lincoln, have been received so far since Jewell's resignation was disclosed last week.

Applications will continue to be received and the selection process will not begin before Aug. 15.

Full Group

The committee said its full membership would act in all phases of the screening of applicants and the interviewing of qualified applicants.

A spokesman said it was hoped that a new manager could be selected in early September so that a month or more would be available for his training before Jewell leaves.

Chapin, who is a radio sta-

RICHARD W. CHAPIN
... chairman of Auditorium Advisory Committee.

tion general manager and vice-president of the Stuart Investment Co., succeeds Phil Hardy, who served as auditorium committee chairman for 2 terms since its organization in 1956.

Chapin was named Lincoln's "outstanding young man of the year" for 1956.

The other committee members are Mrs. Richard W. Smith and Flavel Wright. Both were recently reappointed to 6-year terms by the City Council.

West Beefs Up Armed Might In Middle East

Nuclear-Armed 6th Fleet Units Drop Anchor Off Beirut

From Press Dispatches

Washington—The Defense Department said Thursday it does not consider Soviet forces massed along the Iranian border a threat to American and British troops in the Middle East.

A Pentagon spokesman dismissed Soviet troops, tank and plane maneuvers in the area north of Iran, historic Middle East invasion route, as part of the Russian "propaganda campaign."

Despite this feeling, the United States rammed more armed forces into battle-ready positions and sent 50 jet warplanes winging over beleaguered Jordan in an admitted show of force.

The Defense Department spokesman told reporters the only thing unusual about the Russian maneuvers "is the fact that they were announced by the Moscow government."

Posture Improved

The United States was rapidly improving its defense posture in the Middle East. A powerful striking force of the nuclear-armed U.S. 6th Fleet, including the super aircraft carrier Saratoga, dropped anchor off Beirut, Lebanon.

More than 50 warplanes swept off the Saratoga's flight deck and sped over revolt-threatened Jordan, where British paratroopers landed Thursday morning, in a one hour and 10-minute maneuver.

The Navy, which announced the flight, said the planes went up to "let it be known

'AGGRESSION'

London (Friday) (P)—The Soviet government newspaper Izvestia called for "immediate and resolute steps to defend the national independence of Arab states and to stop aggression started by the United States and other colonial powers."

The newspaper charged "it is quite clear that the United States has been preparing its aggression against Arab countries for a long time."

they were there." The jet fighters and bombers flew low along the west bank of the Jordan River.

The Defense Department also announced that a task force of 1,600 U.S. Army paratroopers, airlifted under jet fighter protection from Germany, was poised as a "reserve force" at a secret American base at Adana in southern Turkey.

To Aid British If Needed
A spokesman said they could be used to bolster British troops in Jordan if a decision were reached to put U.S. forces in that country.

The Pentagon also disclosed that units of the Tactical Air Command's composite striking force, which left U.S. bases, had been sent to Europe to support Middle East operations.

The Navy disclosed, meanwhile, that about 800 Marines had been flown from Camp Lejeune, N.C., to the Mediterranean to serve as individual replacements in the 5,000-man force assigned to protect the Lebanese government.

Other Marines were being loaded aboard ships in the Lejeune area, presumably for dispatch to the Middle East.

Hussein Makes Offer

Jordan's youthful King Hussein was reported willing to move his famed Arab Legion forces into Iraq in a bold move to reverse the revolt provided he got British-American backing.

Britain's Foreign Secretary Selwyn Lloyd and Secretary of State Dulles, who conferred here Thursday, were understood to be cautiously weighing the potential impact of such a fateful military move, especially in view of Russia's and Egypt's support of the Iraq rebels.

Jordan Decision Okayed

...In Commons

London (P)—The tense and anxious House of Commons—with Labor Party leaders voicing fears of a third world war—Thursday night voted approval of the British government's movement of troops into Jordan.

With each party rigidly controlling each member's ballot, the vote was on strict party lines, 314-251.

"Of course there are dangers," Prime Minister Harold Macmillan said in reply to the most solemn and restrained debate in Britain's postwar history.

"If there were not dangers it would not have been difficult to make this decision."

'Danger'

Labor party leader Hugh Gaitskell noted that the Soviet Union has now begun troop maneuvers near Soviet borders with Iran and Turkey.

Gaitskell said there is danger of an involvement of Soviet and western forces in the Middle East.

Drivers Nix Bus Contract

... Strike Still On

Lincoln Star Special
Omaha — American Trailways drivers and employees voted rejection of a new contract negotiated in Omaha earlier this week, F. C. Powers, union general executive board member revealed early Friday morning.

The vote was 284 for rejection of the pact and 202 for acceptance with the Omaha area the only one generally favoring the contract, Powers said.

Thus, the 18-day strike of 400 drivers and 225 hourly-paid employees in 28 states will continue.

The assumption is that Federal Mediator E. S. Jackson will press for resumption of negotiations between company and union officials. "It's up to the company now," Powers said.

7.45 Cents

The new contract called for a basic mileage rate of 7.45 cents for drivers with an additional 3 mills based on the cost of living index, Powers said.

Union officials had asked a 9 cents per mile basic wage; they are presently paid 7.15 cents per mile.

Dissatisfaction with the basic mileage rate for drivers and salary changes for garagemen were listed as main reasons for the contract refusal.

Today's Chuckle

One of a husband's tougher problems in life is getting back some of his take-home pay after he takes it home.

British Paratroopers Rushed To Jordan

MASSIVE BUILDUP IS CONTINUING ... In Middle East

Amman, Jordan (AP) — Britain rushed 2,000 paratroopers to Jordan Thursday to help young King Hussein face up to new threats to his throne. The British thus joined the United States in a massive military buildup in the smoldering middle east.

King Hussein asked for the British help, charging President Nasser's United Arab Republic had plotted to overthrow him. He feared a pro-Nasser coup such as the one which killed his cousin, King King Hussein Faisal II, in Iraq Monday. That coup sent the Middle East to its present crisis.

The Soviet Union massed land, sea and air forces along its southern frontiers and announced maneuvers will begin Friday in areas bordering Turkey and Iran.

There were more than 8,000 U.S. and British troops in Lebanon, Jordan and Turkey.

1,000 In Turkey

With 3,400 Marines already ashore in Lebanon and more than 1,000 paratroopers in Turkey, the United States sent 2 aircraft carriers, a heavy cruiser and 16 destroyers into Lebanese waters. There they joined 25 other units of the U.S. 6th Fleet. The French cruiser De Grasse anchored off Beirut. The Royal Navy sent the 43,000-ton carrier Eagle into the eastern Mediterranean.

More U.S. paratroopers were being flown to the Middle East from their NATO bases in West Germany and reinforcements were on the way for the German bases from the United States.

Plot Reported

Prime Minister Macmillan told Parliament paratroopers were flown from Cyprus to Jordan at King Hussein's request to head off a plot fued to explode Thursday against the young monarch's government.

He said Syrian troops were seen marching toward Jordan's frontiers.

Macmillan said Hussein also had asked the United States for troops. The U.S. announced its support of British intervention in Jordan, but officials said Washington decided against sending U.S. forces to Jordan now.

British government sources said the paratroopers flew over Israel to Amman, Jordan, with permission of Prime Minister David Ben-Gurion. While Israel has feuded with Jordan, it fears Nasser's Arab nationalism far more.

3 Men Feared Dead In Atlantic AF Jet Crash

Washington (AP) — The Air Force said Thursday night that an RB66 jet reconnaissance bomber with 3 men aboard, crashed in the Atlantic ocean in the area of the Azores.

The plane was enroute from Shaw Air Force Base, South Carolina, to "a base in Europe," the announcement said.

A Norwegian ship the Vespaian, reported it saw a crash at latitude 34 degrees 10 minutes north, longitude 23 degrees, 40 minutes west. Two of its lifeboats searched the area along with 4 planes from Lajes Field in the Azores.

The Air Force said that wreckage including a Mae West lifejacket identified as belonging to a crewman was recovered by the ship.

The search for the 3 men in the crew will be continued in the morning, the Air Force said.

2 VA Officials Leave With Building Analysis ... But No Recommendations

Two Veterans Administration officials, who made a detailed study of the former State Farm Mutual building at 10th and O as possible new quarters for the Lincoln VA regional office, were to return Friday to Washington with their report.

"The report will be a detailed analysis of the building, but will contain no recommendation," said Leonard W. Goulde, area field director for veterans benefits. "We were only sent here to get facts."

Goulde and E. Kelley Campbell, liaison officer for space requirements and utilization, will submit their report to

Morse Forces Halt In Hearing On Passport Bill

Washington (AP)—Sen. Wayne Morse (R-Ore.) Thursday forced the Senate Foreign Relations Committee to suspend hearings on a bill which would permit the State Department to refuse passports to Communists and their backers.

Morse opposes the bill and he took advantage of a Senate rule to win a delay at least until next week. The rule said a committee may not meet, except by unanimous consent of the Senate, when the Senate is in session.

By raising an objection, Morse was able to delay another hearing until Monday morning. He can raise further objections whenever the Senate is in session.

President Eisenhower asked urgently for the bill, which would overthrow a Supreme Court decision in the passport field. Morse contends the bill would violate constitutional rights of individuals; he described it as an "unconstitutional house of legislative ill-fame."

Girl Identifies Negro Janitor As Friend's Slayer

Council Bluffs, Iowa (AP) — Rita Ficke, 15-year-old Omaha girl, has identified Larry D. Jackson as the man who fatally shot Joseph D. Dixon of Omaha Sunday night.

Miss Ficke, accompanied by her parents, Mr. and Mrs. Bernard J. Ficke, made the identification as Jackson was being questioned in County Attorney Matt Walsh's office, Walsh said.

The 36-year-old Jackson, Negro apartment janitor from Omaha, pleaded innocent to a charge of murder in the shooting of the 18-year-old Dixon.

Municipal Judge Allen Ardel ordered Jackson held without bond.

6 County Officials Explain Requested Budget Boosts

No Answer To Karnopp's Bid For 2 New Deputies

By Del Harding

Six county elected officials appeared before the Lancaster County Board Thursday afternoon and explained their 1958-59 fiscal year budget requests.

But the Board will not act on the requests until the first week in August. A public hearing at which persons favoring or opposing the proposed budgets may appear will be held July 31.

County Sheriff Merle Karnopp did not receive an answer to his request for 2 additional deputies to man a second county night patrol car. Board Chairman Russell Brehm told Karnopp the Board would decide the matter by early next week.

Approval Indicated

There were indications, however, that the Board will approve hiring the 2 new deputies. Karnopp made the same request last year but was turned down.

The sheriff told the Board that "you only get what you pay for... good law enforcement or cheap law enforcement." He said he would like to have the 2 new men on the payroll Aug. 1. If hired, they would bring to 4 the number of night deputies who would patrol county roads in 2 patrol cars.

Karnopp told the Board he would also like to have a lie detector and to send another deputy to the Federal Bureau of Investigation's National Police Academy in Washington, D.C., for its 12-week training program. But he said this would cost more than \$1,300, and because of asking for the 2 new deputies he was not including these requests in this year's budget.

Opposed Plan

Karnopp said in response to a question by Commissioner Del Lienemann that he did not believe a recommendation that one of his deputies work full-time with the Lincoln Police Dept. (which would assign a policeman to his office) is worthwhile.

Californian Harold Robinson, who investigated local law enforcement handling of the Charles Starkweather murder case, had made such a recommendation to increase liaison between the 2 agencies.

The sheriff said when any major crime is committed one of his men is assigned to work with the police on it and that he believes he can not spare a deputy for such full-time duty.

Karnopp, as did the other elected officials appearing at the hearing, asked salary increases for his staff. He asked boosts ranging from \$10 a month for his secretaries to \$25 a month for his chief deputy, Les Hasson (who now receives \$450 a month).

Karnopp's proposed budget for the fiscal year is \$84,091 compared with \$67,050 for the 1957-58 fiscal year. Salaries for the 2 new deputies and salary increases would account for most of the increase.

Other officers who appeared

were Register of Deeds J. G. Vaughan, County Treasurer C. E. Berg, School Superintendent Glenn Turner, District Court Clerk Wilford F. Sanders and County Judge Herbert A. Ronin.

All asked salary increases for their staffs comparable to those asked by Karnopp. The salaries of the officials themselves (except those of Judge Ronin and the 4 District Judges which are not set by the Board) were raised by the Board last winter in line

with state law which provides their salaries may be adjusted each 4 years.

Levy Hike Unlikely

Brehm and fellow Commissioners Rollin Bailey and Lienemann have said, however, that they do not believe the increase in budget requests—will result in the present 5.60 county mill levy being increased. They have even indicated the levy may be lowered, due mainly to an increased assessed county valuation.

Included in Judge Ronin's budget request was \$600 for a part-time County Court probation officer. He has asked the Board previously for authority to hire a person to make pre-sentence investigations of defendants.

—CUBA—

U.S. Base Is Placed On Alert

Rebels Free 4 More Yankee Servicemen

Guantanamo, Cuba (AP)—U.S. Naval authorities at the southeast Cuba base tightened security Thursday in readiness for any emergency action in the crises spreading from Mideast conflicts.

The immediate idea here is that no more Cuban rebel She-nanigans will be tolerated and U.S. Navy men and families must watch their steps.

The rebels handed back 4 U.S. servicemen during the day.

Fourteen of the busload of 29 American sailors and Marines kidnapped by the rebels June 27 still are being held in their mountain stronghold. They are expected to be released with the next few days.

The base has been placed on a 4-hour alert. New orders were issued that no officers or men can leave the big base area to go into nearby Guantanamo City or elsewhere without a special pass.

The hostages released Thursday:

Hannibal E. Holmes Jr., Richmond, Va.
Albert H. Matthews, New York.
Merrill H. Slack, Grand Rapids, Mich.
Robert C. Geringer, Downingtown, Pa.

'Smear' Is Cried By Goldfine

He Frequently Phoned To Truman Assistant

Washington (AP) — Bernard Goldfine finished his testimony before a House investigating subcommittee Thursday and promptly complained "every possible attempt was made to smear me."

Republican subcommittee members devoted much of the 8th and final day of Goldfine's testimony to trying to show the gift-giving Boston millionaire behaved no differently toward Democratic than toward Republican office holders.

Goldfine testified he visited and telephoned John R. Steelman when Steelman was assistant to President Harry S. Truman more than he did his friend Sherman Adams, assistant to President Eisenhower.

The hearings have been aimed at finding out whether Adams exerted influence in Goldfine's behalf. Goldfine repeatedly denied it, as Adams had done before the subcommittee just a month ago.

Gave To Both Parties

Goldfine said he contributed heavily to both party funds—probably \$100,000 over the years.

Steelman told a newsman his contacts with Goldfine were aboveboard discussions of a project that came within Steelman's jurisdiction as head of the National Securities Resources Board.

Goldfine was interested at the time in federal financing for a project, never carried through, to construct a big underground parking garage in Boston. Steelman has said the Truman administration was interested in the possibility that such a project could be used as an emergency bomb shelter.

STATE SETS WIDENING OF HWY. 34

Improvements on a 10-mile stretch of U.S. Highway 34, between Lincoln and Eagle, including widening the highway by 4 feet, are included in the State Highway Department's proposed \$4 million bid letting August 7.

State Engineer L. N. Riss said it would mark the first major improvements on the highway since it was constructed in the early 1930's.

The project calls for widening each of the concrete highway's 2 lanes by 2 feet and an asphaltic concrete surface course.

While traffic on the road does not warrant its being converted into a 4-lane highway, Riss said the additional width will feed traffic more easily into the 4 lanes from 70th into Lincoln.

The Highway 34 project is included under funds made available by the 1958 federal "crash" program.

Another Lincoln area project in the August 7 bid letting is for grading, concrete pavement, culverts and 2 viaducts on the interstate highway between Waverly and Lincoln. The project involves 4 of one mile.

Riss said the viaducts are to be constructed over the Burlington tracks near the Waverly interchange.

(For other bids to be let, see Page 22.)

Army Completes New Successful Atmosphere Re-Entry Test

... Jupiter Nose Cone Recovered

Cape Canaveral, Fla. (AP)—The Army completed another successful re-entry test by firing a mighty Jupiter missile 1,500 miles through space and recovering its nose cone in the Atlantic ocean 1½ hours later.

It was the second time in 2 months that a full scale nose cone was retrieved intact after it streaked from space

through the earth's red-hot atmosphere without burning up.

The latest success bolstered the claims of missile experts that the United States now has no problem getting a missile warhead back to earth after a swift journey through space.

The flight also logged another successful mission for the Jupiter intermediate range ballistic missile which is expected to provide the first stage vehicle for the Army's moon rocket.

May 18 Test

The Jupiter conquered the IRBM re-entry challenge for the first time May 18 when a full scale nose cone weighing 1½ tons was recovered.

The new nose cone was located and recovered by a Navy search unit stationed near the impact area off Antigua Island, several hundred miles east of Puerto Rico.

The Army announced later that the recoveries "affirm that Army missilemen have found a satisfactory solution to the warhead protection problem."

Dr. Wernher Von Braun, the Army's top missile expert, was on hand to watch as the Jupiter surged aloft with a thunderous roar shortly before dawn.

Dot Of Light

Observers at the launching site still saw the missile soaring through space 13 minutes after it blasted away. It appeared as a tiny dot of light as it reflected the rays of the rising sun.

The complete trip through space took only about 20 minutes.

Once the nose cone re-entered, a parachute popped out to ease it gently into the water. Air bottles inside the cone inflated a 5 foot orange balloon which marked the cone's plunge into the sea.

A radio transmitter, dye marker and blinking light led the recovery team, composed of 4 ships and 2 planes, to the scene.

The cone was hoisted aboard the utility ship USS Escape after frogmen secured it under water.

Mrs. Weckbach, Ord, Dies At 85; Operated Bank

Lincoln Star Special
Ord, Neb. — A prominent business woman and longtime Nebraska resident, Mrs. Ella Weckbach of Ord, died Thursday.

Mrs. Weckbach, 85, had operated the First National Bank of Ord, with her sons, since 1943.

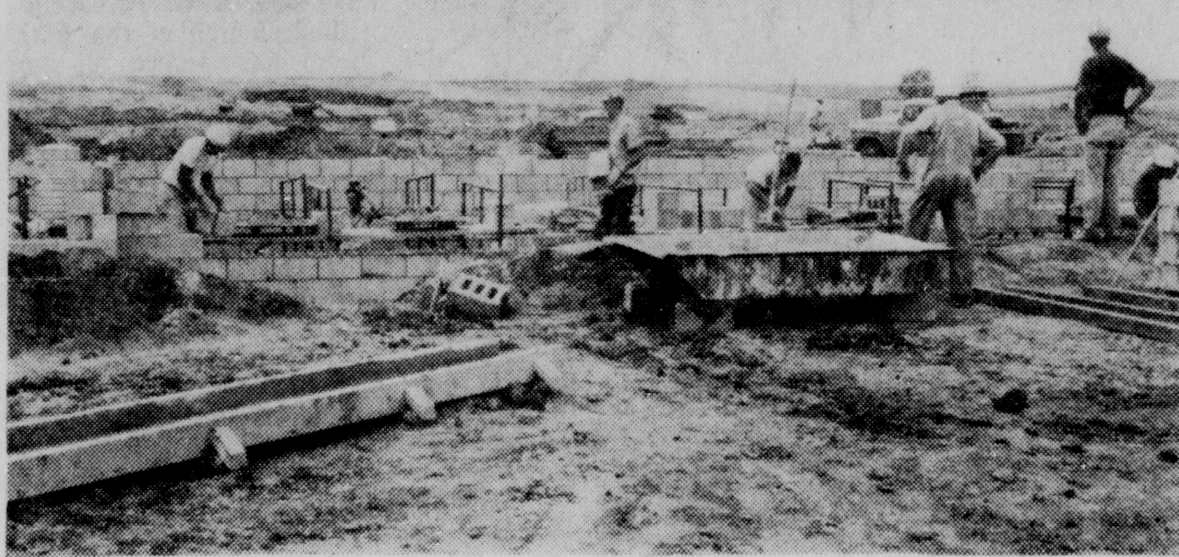

Prior to that time she operated the City National Bank of Crete for 14 years following the death of her husband in 1928. Her husband, Charles W., had opened the Crete bank in 1910.

Born in Waterloo, Ia., Mrs. Weckbach came to Nebraska in 1880 when her family moved to Plattsmouth.

While in Crete she taught music at Peru State Teachers College for many years having studied in New York and Paris.

Surviving are her sons, Clark and Carl of Ord; sister, Loretta McCourt of Los Angeles, Calif.; and one grandson.

Mr. Van Eperen was preceded in death by an infant brother; his father, William Van Eperen, and another brother, Ira.

Work Begins On LAFB Units

Excavation and foundation laying have begun for the new 600 Capehart housing units at the Lincoln Air Force Base. The 2-4 bedroom duplexes occupying approximately 200 acres of land are expected to be finished in about a year. These units—in addition to the 400 units now occupied—will provide total base housing for about 1,000 families. The new units will surround a central park area in which the General Arnold School, a chapel and a 25-acre playground-park area will be located.

The housing project has been rated one of the best designed and planned projects of its kind in the country by offices of the 8th Air Force, Strategic Air Command and Technical Services. (Star Photo)

Hastings Man Joins State Hospital 'Here

... As Psychiatrist

A Hastings psychiatrist, Dr. Stuart McWhorter, has joined the Lincoln State Hospital staff of 8 doctors, Dr. F. L. Spradling, Lincoln State Hospital director, announced Thursday.

Dr. McWhorter, formerly associated with the Osawatimie, Kan., Mental Hospital, will work with Dr. K. H. J. Hoh. Dr. McWhorter, formerly in the medical-surgical section, Dr. Spradling reported.

Graduated from the University of Nebraska Medical College in 1940, Dr. McWhorter spent several years at Farmingdale, N. Y., and at Kearney working in tuberculosis hospitals.

Dr. Spradling said that according to standards of the American Psychiatric Association, the Lincoln hospital should have doubled its current staff for its 1,500 patients.

13 Physicians
The budget for the hospital authorizes a total of 13 physicians, he said.

Nebraska, as the nation, is suffering from lack of psychiatrists, Dr. Spradling commented.

He stated that the Lincoln State Hospital is participating in a residency program of the Nebraska Psychiatric Institute in which NPI students spend a 2-week training period at each of the state's 3 mental hospitals.

Security and tuberculosis programs are studied at Lincoln, alcoholics at Hastings State Hospital, and general care at Norfolk State Hospital, he said.

Rites Held For Firth Resident Mr. Van Eperen

Funeral services were held at the Firth Reformed Church for William Harold Van Eperen, 41, of Firth, who died suddenly.

Mr. Van Eperen, who was born October 31, 1916 on a farm near Adams, had lived in Firth for 28 years. He owned and operated the Firth Transfer for several years. He was a member of the Firth Reformed Church.

Survivors include his wife, Marguerite; a daughter, Mrs. Robert Kramer; his mother, Mrs. Marie Van Eperen; a sister, Mrs. A. C. Bouwens of Firth; brothers, Cornelius of Panama, Elmer of Lincoln, and Orval of Beatrice.

Mr. Van Eperen was preceded in death by an infant brother; his father, William Van Eperen, and another brother, Ira.

Rails Granted Newspaper Rate Increase

All Nebraska railroads have been granted State Railway Commission authority to effect an increase in their shipping rates for newspapers.

The lines were authorized to increase by 7c per hundred pounds charges in all distance categories for handling newspapers in baggage service.

The railroads won authority to increase by 5c per hundred pounds in all distance categories charges for handling weights over 7,500 pounds and to charge a minimum rate per publisher of \$3.50 per month on small deliveries.

The commission said it notified every newspaper, daily and weekly, in Nebraska of the railroad's request, and received answers from only 3 newspapers, The Lincoln Star, The Lincoln Journal and The Omaha World-Herald.

The commission said these newspapers agreed to the price boost.

In other business, the Commission:

Denied the application of the United Mineral Products Co., Omaha, for authority to reduce charges to \$1.69 per ton on truck shipments of broken stone.

Authorized Russell Brothers, doing business as the Panhandle Telephone Co., Bismarck, to increase rates at their Bismarck and Dix exchanges. The increase will mean an average boost of 71 for all services, the commission said.

Authorized the Omaha Public Power District, Omaha, and Consumers Public Power District, Columbus, to construct electric transmission lines in Sarpy and Scotts Bluffs counties, respectively.

Authorized the Ohio Oil Co., Findlay, O., to construct a crude oil pipeline gathering system in Morrill County.

Set a Monday hearing on the application of the Nebraska Motor Carriers Assn., Omaha, for authority to make an emergency, temporary surcharge of 50c per shipment for all shipments in Nebraska intra-state commerce. The commission said hearings will be held Sept. 16 on the association's application to make a permanent price boost of 10% on all shipments in intra-state commerce.

PEN INMATE GETS ADDITIONAL YEAR—ESCAPE ABUSED FAVORS

A 24-year-old State Penitentiary inmate who apparently believed since he had been given an inch he could take the proverbial mile received an additional one-year prison term Thursday in Lancaster District Court on an escape charge.

Harold Lloyd Schumacher of Alliance told Judge Paul White that while undergoing treatments for an allergy during the last 2 months at the Veterans Hospital he had been allowed to attend the recent Lincoln Air Force Base aqua-air show and a baseball game. But he admitted to the judge that his trip last week to Denver, Colo., was carrying a good thing too far.

Schumacher pleaded guilty

to the escape charge, and the judge ordered the one-year term to run consecutively with the 3-year burglary sentence he was serving at the time of his Colorado trip. He walked away from the hospital July 3 but was captured 2 days later.

Firemen Called

A hot belt on a motor in the air conditioning system of newly built Lyman Hall at the University of Nebraska brought firemen to the scene Thursday night but no damage was reported.

A Dark Picture

By WILLIAM O. DOBLER

However one looks at the tense Middle East situation, it presents a dark and gloomy picture. It is apparent that the problems which exist in connection with the landing of American Marines in Lebanon will not be disposed of quickly. The U.S. is going to face mounting difficulties in the area for at least many months.

An indication of what might transpire is found in the lack, so far, of any direct Russian military moves.

Red Reaction An Indication

There have been some small troop movements in Russia toward her Middle East borders but nothing to indicate the Soviets plan any military action. There have, also, been warnings from the Reds and condemnation of the American action. But this could be expected to come from almost anything this nation did. In essence, the Russians have made no move in answer to the American landings.

It is becoming painfully clear that one reason for this is the Soviet conviction that we have made a serious mistake. This opinion of Soviet thinking is being expressed by thoughtful analysts of the situation in many quarters. The opinion is quietly held among many members of Congress.

Whether they are right or wrong depends on just exactly what the revolution in Iraq is and what it means. And it is difficult to say with certainty what the answer to that is but speculation runs in several ways, none of them to the advantage of the U.S.

The Iraqi revolutionists could not very well be considered pro-west in their sentiments. This is obvious since the government they have evidently overthrown has represented the strength of the West in Iraq and that entire area.

The difficulty, then, comes in identifying

the revolutionists beyond this point and determining their strength or support throughout the Arab world. The American landing at Beirut, Lebanon, makes the U.S. of the official opinion that the revolutionists are Communist led and dominated.

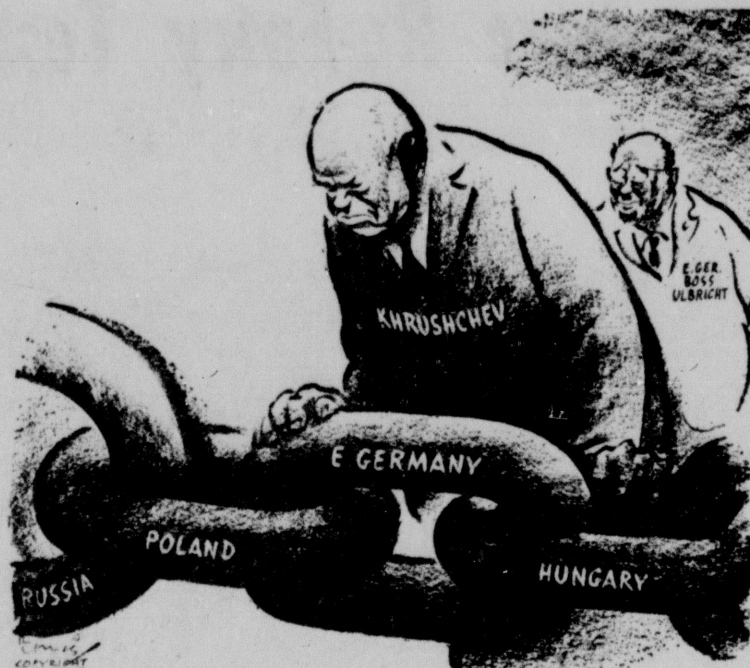

In such a case, it would be assumed that the success of the Iraq revolution would result in the spread of Communism and its complete control over another part of the world. And if the Iraq revolution is successful and left unchallenged, it would be safe to assume that it would be only a matter of time before the same conditions prevailed in Jordan, Lebanon and Saudi Arabia.

The other dominant line of thinking, and substantiated in several ways, is that the Iraq revolution is not Communist led or dominated, but rather, represents a growing tide of Arab nationalism in the Middle East. This is neutral nationalism—supported by the people of these nations and aligned with neither the East or West.

The nationalism theory is supported by the apparent surprise with which the Iraq revolution was greeted in Russia and by Egypt's Nasser, by reports which flow out of the Middle East from various sources and by the reluctance of the U.N. to back the United States in Lebanon. Whichever theory is correct, it leaves the U.S. committed to a heavy concentration of troops in the Middle East for an indefinite period of time.

If the theory of Communist inspiration is correct, the U.S. at least has some solid ground to stand on in its action. But if the theory of nationalism is correct, and it could well be, the U.S. is hopelessly opposed to the popular sentiment of the people and, in the end, is bound to suffer serious losses.

Nationalism Is Supported

Personal Inspection Tour

DREW PEARSON

Near East Navy In Good Hands

WASHINGTON — Adm. Charles R. Brown, commander of the 6th Fleet, upon whom the fate of the free world depends in the Near East, is a fighting naval officer with a sense of humor and the techniques of a diplomat.

Every mayor along the Mediterranean, whether he be Greek, Turk, Spaniard, Frenchman, or Italian, knows "Cap" Brown and looks forward to the time his flagship, the U.S.S. Salem, will anchor offshore. Its arrival not only means money spent with local merchants, but American sailors of the 6th Fleet under Admiral Brown have been trained to be good-will ambassadors. Their behavior ashore has been amazingly good.

It was in 1917 that young Charley Brown, a callow youth from Tuscaloosa, Ala., arrived at the union station in Washington carrying two heavy suitcases, en route to Annapolis to join the Navy. In the station he saw two Marines. And the admiral now tells the story, "I almost put my two suitcases down and told them 'I'm going to be a Marine too.'"

Brown didn't become a Marine, and at first he did not take naval fighter training. He did go into naval aviation, and while at Pensacola, Fla., in 1924, was told by his commander to take fighter training.

Some days later, in class,

the commander again challenged Brown: "I told you to take fighter training. Why aren't you doing it?"

"My wife told me not to," the young naval officer repeated.

"Who is running this school?" snapped the commander, "your wife or me?"

"Who has to live with her?" replied Brown, "you or me?"

Later, however, Brown did become a fighter pilot, and has flown from the decks of most of the airplane carriers of the Navy. Only two officers remain who have flown from the Navy's first carrier, the Langley. One is Adm. Mel Pride, commander of the Naval Air Force in the Pacific, and the other is Admiral Brown.

Last fall, from the bridge of the U.S.S. Franklin D. Roosevelt off the coasts of Greece and Italy, I watched jet fighters landing on the deck of the FDR with clockwork precision. One by one, a minute apart, they roared in out of the night, gauged their distance by the red fire ball at the end of the runway, caught the hook on the steel arresting cable, and roared to a screeching stop.

Their precision performance gave you confidence in the ability of the U.S. 6th Fleet to meet any challenge in the Mediterranean.

DORIS FLEESON

Fulbright Asks Full Discussion

WASHINGTON — Senator J. W. Fulbright of Arkansas slept on his hesitations over the Middle East crisis and has resolved them in favor of open discussion of the situation.

Fulbright is ranking Democrat of the Foreign Relations Committee and the good right arm of its venerable chairman, Senator Theodore F. Green (D-RI). By reason of his leadership in student exchange programs and early efforts for a United Nations, his is probably the best known name in foreign affairs among young Americans.

Even with these advantages it may be that he is embarked upon a course reminiscent of Winston Churchill's efforts prior to World War II while England slept. Perhaps the country does not yet want to reason why. Fulbright himself ruefully recalls that the remarkably prescient Adlai Stevenson lost by a landslide to President Eisenhower less than two years ago.

Anyway, the senator has offered now a skeleton outline of the form he thinks Senate debate ought to take. It does not question the President's present tactics or his right and duty to take what steps he now sees fit. It does go to the heart of the President's reasons for so acting.

☆ ☆ ☆

The senator's view is that the Eisenhower administration has never made "the fundamental policy decision as to whether Arab nationalism (epitomized in Nasser) was a force with which we should try to work or a force which we should oppose." Instead, he charged, "our day-to-day actions have vacillated between tempting Arab nationalism with offers of assistance on the one hand and on the other hand taunting it with refusals to sell wheat, refusal to continue CARE program and similar petty annoyances."

Fulbright raised the ques-

tion of whether the dangers involved were of a military nature with their solution possible by military means. He suggested that "the pat military answers" of the Baghdad pact and Eisenhower Doctrine "obscured the basic problems and postponed their solution."

He also questioned whether we have not "lost touch with the ordinary people not only in the Middle East but in much of the rest of the world."

In his conclusion, Fulbright ventured into the politically boggy ground which has up to now scared off the kind of debate he would like to see.

"The fact that the Kremlin approves violent revolutions is not necessarily equivalent to its domination of revolutions," he insisted. "Perhaps we have been so obsessed with our fear of Communism that we are unable fairly to appraise the motivations of such violent revolutions as are occurring in the Middle East."

This is the gauge direct to the President. In the White House conference with congressional leaders, Eisenhower accepted it as proved that all he was doing was opposing Moscow. He would not entertain hints from Fulbright and Speaker Sam Rayburn of the House that he is dealing as well with the emotional tides of Arab nationalism.

Senator Fulbright has not been much of a crusader at home; he has notably not led in his own state of Arkansas on the Little Rock integration issue. But he has unusual warrant to proceed with the above matters and he will have some audience, even if his views prove presently unappealing on a wide front.

It is always possible, too, that in a situation like the present roar of guns may end all debate for the foreseeable future.

THE NEIGHBORS SAY

Merry And Economical Middle Of July

By MONA B. PARKER

Jack Lough of the Albion News has shoved all news value and sentiment aside in favor of a strictly hard-boiled business proposition. All prospective brides have been given due editorial notice that unless the wedding invitations have been printed in the News office, there will be a fee for running their pictures in the paper.

The Superior Express and H. M. Crilly think such a course is a little brutal, but somehow we've a sneaking suspicion they wish they had the courage to follow a similar course.

The Lyons post office could have handled one package as roughly as the standard joke. When A. W. Swanson, mailing a pair of eye-glasses, was asked how she wanted them sent, she replied, "Just parcel post. They're broke, anyway."

When she broke her spectacles, she also broke a 40-year-old record. It was the first time she had ever damaged her glasses in all that time of wearing them.

The first of August will see the cost of handling first-class mail increased from three to four cents. Postmaster Ty Cook of Springfield told Herald Editor Al Hermann that many economy-minded among the local citizenry are mailing their Christmas cards now and marking them "Not To Be Opened Until Christmas."

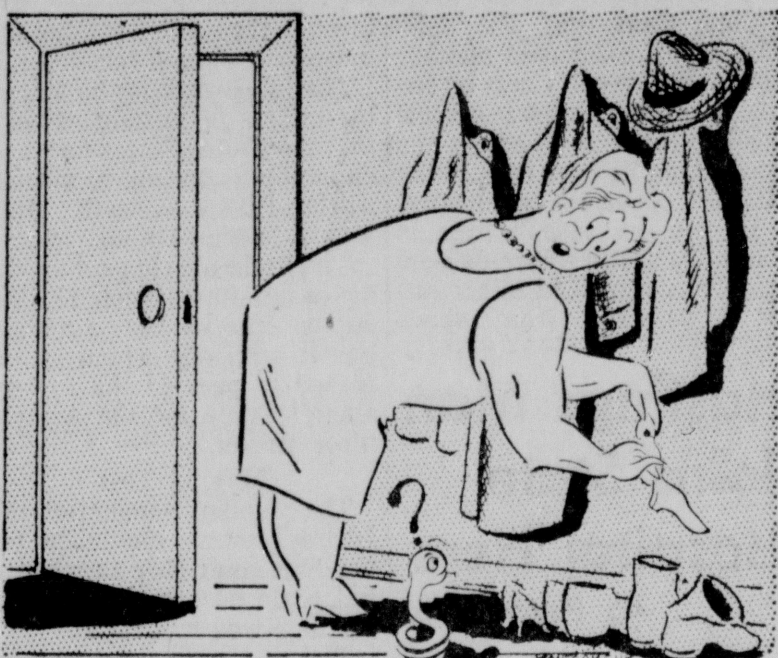

A friend of Bill Plourd's hasn't figured a way to beat the increasing cost of postal business, but he does have his own method for getting due bills before the eyes of his debtors. When the Nance County Journalist noticed that he was using plain envelopes and chided him for saving his printed ones, he explained. He always uses plain ones when he mails bills to people, he said. It arouses their curiosity and they open them.

☆☆☆

It is doubtful, in the opinion of a Wauneta Breeze writer, that we will ever get anywhere with the Russians, either at the summit or at the base, with their routine of making complaints and then refusing the explanations.

A similar situation in private life would go like this . . .

"I get a bill from my doctor, and then I write him and ask for an explanation. He

The Dawson County Sebergers, especially the maternal contingent, Mrs. Eleanor Seberger, could do with a good detective at the moment. A visiting nephew found a small snake in the meadow pasture and brought it home for the express purpose of scaring the girls. Mission accomplished, the little reptile was allowed to make good its escape somewhere in the vicinity of the back entry, where overshoes, boots and other shoes and clothing are kept. Now a week later, it still hasn't been found. "If I pull out my garden shoes from under there some sleepy morning and step on a snake, I won't promise what I'll do."

velopes and chided him for saving his printed ones, he explained. He always uses plain ones when he mails bills to people, he said. It arouses their curiosity and they open them.

☆☆☆

There is a new craze among young Hooperites called "Handies," which has something to do with finger-wiggling and guesses and answers. Which set Dorothy Payne of the Sentinel musing on the brevity of such fads, to be replaced shortly by another product of an imaginative mind. Looking back, she wondered whatever became of "knock-knock," those coonskin caps, and bikini bathing suits.

sends me an itemized account. Then I reject it and call for an explanation of the itemized account. We keep this up until one of us dies of old age."

Alaskan Statehood

Lincoln, Neb.
To the editor of The Lincoln Star: "A bunch of the boys were whooping it up."

Robert W. Service.

GREETINGS TO ALASKA Now all of the boys are whooping it up In the land of the Midnight Sun.

Recalling the ways of their pioneer days, And the struggles they lost or won: Reliving the years when their hopes and fears

Were waxing and waning down. While with faith they clung to their hopes, which hung Upon government's smile or frown.

In the Klondike rush, through the snows they'd mosh. And they'd laugh at the Arctic cold. Toward the rainbow's end, each his way would wend.

In his search for the Yukon's gold. With their calloused hands they would dig the sands. While watching for colors to show. 'Neath the Northern Lights they slept through the nights.

That registered forty below. The big husky brutes and the tough malcontents No longer are kings of the road. With these modern days came the new airways.

And the highways to carry the load. Note the rolling wheels of the automobiles. Leaving naught but dreams of the sled-dog teams.

That Service has told us about. The boys are excited for becoming enthused. In the land of the Midnight Sun. For they've just had word that their plea has been heard.

And the fight for statehood is won. So here's to the land of that stubborn band Who have reached their triumphant goal! Who will add their state to the forty-and-eight.

And its name to our statehood roll. May the lustrous shine of Star Forty-Nine Spread light from Prince Rupert to Nome.

How happy they are that we bought from the czar The land that Alaskans call home!

CLIFF CALDWELL

1-2 complain

Beatrice, Neb.

To the editor of The Lincoln Star: I have just returned from a trip to find that your Linotype operators are substituting figures for words.

This might lead 12 misread a sentence.

H.T.W.

Dollar Diplomacy

Lincoln, Neb.

To the editor of The Lincoln Star: We picked up a hitch-hiker wearing the uniform of the U.S. Navy. He was on leave from his station in Japan. He admitted there might be other reasons for this government to keep a military mission there but the obvious purpose, as this intelligent young man saw it, was to day-and-night watch a huge field of storage tanks holding privately owned American gasoline.

Thus, the United States flag is following the dollar abroad.

At the end of 1956 there were \$22 billions of private American capital invested abroad, as against a third that amount in 1946. During the intervening decade, the discovery and development of the oil industry in the Near East has done much to stimulate the disaffection between this country and the

Arab world.

King Saud of Saudi Arabia was met with a royal welcome at Washington, got his money and went home to abdicate to his brother who delivered that rich oil field to Nasser' overlordship.

This country has inundated Greece and Turkey with greenbacks but they do not stay comfortably bought, as the continuing trouble in Cyprus proves. The Lebanon and Iraqi revolutions are tearing up this nation's diplomatic bills of sale, leaving Israel, and questionably so, the only Western friend east of the Mediterranean.

Meantime Russia, the 40-year-old Soviet Union, is creeping westward to have and to hold but without money purchases or flaunting the hammer and sickle. It is a flabby diplomacy that depends on spending other people's money to buy fickle friends.

The sailor boy has probably married his sweetheart in Denver and taken her back to Japan to help him guard American capital at hazard on foreign soil. You may see the bill itemized in your tax statement.

HORACE M. DAVIS

Communism

Lincoln, Neb.

To the editor of The Lincoln Star: The letter of Mrs. Earl Brooks as what is Communism sets one to wondering just how many people there are in this land of ours who are also uninformed or misinformed.

She needs to read "Masters of Deceit" by J. Edgar Hoover.

Communism has also fooled some in high places like Eleanor Roosevelt, F.D.R., also Truman. Ike, too, was taken in by a conversation with Zhukov.

Herbert Hoover has been fighting Communism since

1941. Unfortunately the government has ignored him.

Recent decisions of the U.S. Supreme Court have played right into the hands of the Communists.

Here's something to think of: How many people know that Marx and Engels advocated the idea of a heavy progressive or graduated income tax.

There have been men who warned America for 40 years when Communism first started, but very few heeded the warning.

It is beginning to look as though America will learn the hard way.

CMK

Fumblers

Beatrice, Neb.

To the editor of The Lincoln Star: How stupid can they get! First siding with Nasser and his Russian bosses, prodded on by the oil barons; then footing most of the cost of cleaning the canal and policing it; now giving Nasser and Russia their big chance.

It remains to be seen with Russia behind the throne Red China will push her advantage in the Pacific now that most of our fleet is heading for the Mediterranean.

J. M. HIATT

Ignorant Criticism

Lincoln, Neb.

To the editor of The Lincoln Star: I have been reading recently in your Dear Abby column numerous detrimental statements concerning the American Red Cross. How can anyone make such blatant criticism of this worthy organization which has always given aid to those in need at home, as well as caring for our boys in the Armed Forces. Did the Red Cross volunteers risk their lives overseas during the war only to be under fire of ignorant criticism now?

U.S. Okays Aid To Jordan With Oil Airlift From Persian Gulf

Washington (AP)—The United States has decided to help ease Jordan's critical fuel shortage by airlifting oil in big flying tankers across Saudi Arabia from the Persian Gulf.

This was reported by officials who said the oil-airlift should be carrying fuel into Jordan shortly.

They declined to say precisely where the oil would come from. However, the biggest refineries on the Persian Gulf are at Bahrain and Abadan.

Bahrain is an island off Dhanan, site of the Saudi Arabian Airfield at which the U.S. Air Force has landing rights. Abadan is in Iran at the upper reaches of the Persian Gulf. There is no big airfield closer than Basra, in Iraq, reported held by rebel forces who seized power in Iraq Monday.

Jordan's King Hussein appealed to the United States for oil supplies after the Baghdad revolt cut off the flow of Iraqi oil to Jordan.

Marines Captured
Beirut (AP)—Two U.S. Marines reported they had been captured by Lebanese rebels and released after 3 hours of questioning.

The men told their story to a hastily summoned news conference in the presence of Ma-

rine commander Jack Pillsbury, public information officer on Adm. Holloway's staff. The 2 Marines are Sgt. Raymond M. Garren, 29, of Naticoke, Pa., and Pfc. James J. Ward, 22, a British subject of northern Ireland who went to the United States in October 1956 and joined the Marines last year.

Propaganda
Washington (UPI)—The United States accused Russia and the United Arab Republic of trying to inflame the Arab world against the United States and its Marines in Lebanon with a co-ordinated propaganda barrage.

State Department spokesman Lincoln White said radio transmitters in Moscow, Cairo and Damascus had begun "to broadcast false stories of alleged incidents between American Marines and the Lebanese."

France Ready
Paris (UPI)—France was reported ready to join the Anglo-American intervention in the Middle East, but officials clamped a security lid on the possible circumstances.

U.S. Backed
Istanbul, Turkey (UPI)—The Baghdad Pact nations of Turkey, Iran and Pakistan solidly backed Britain and the United States in their dispatch of troops to Lebanon and Jo-

dan as a result of the Iraqi rebellion.

'Normal'
Istanbul, Turkey (AP)—Foreign Minister Fatih Ruzsatu Zorlu said Soviet military maneuvers along Turkey's border is considered normal. "Every county is free to maneuver within its own borders," he said. "We think these maneuvers are normal. We want to consider them normal. We know they have forces there."

Fight Pledged
Damascus, Syria (AP)—Maj. Gen. Gamal Feisal, head of the United Arab Republic's 1st Army, has pledged "a fight to the death in every yard" if there is any aggression against Syria.

Urgent Call
Cairo (UPI)—The Afro-Asian Peoples Solidarity Conference sent out an urgent call for volunteers who might be needed for fighting in the Middle East crisis.

State Fair Judges For Stock Set
Nebraska State Fair Board Secretary Edwin Schultz has announced the judges for the livestock events at the 1958 fair, Aug. 30-Sept. 5.

Judging will start on Sunday, the 2nd day of the fair, and be completed by Wednesday night except for the quarter horse show which will start Thursday afternoon.

Judges
Horses and Ponies—Dean Kildee, Ames, Ia., draft horses; Jerry Smith, Murdock, Mo., ponies; Darrell Peterson, Dell Rapids, S. D., quarter horses.
Beef cattle—Russell Bloomstrom, Waverly, Mo., and Polled Short-horns; Rufus Cox, Manhattan, Kan., Herefords; F. A. Sloan, Lincoln, Red Polled; Duane Clark, Worthing, S. D., Aberdeen Angus.
Dairy cattle—Kean Kildee, Milking Shorthorns; Harvey Swartz, Waukesha, Wis., Holsteins and Brown Swiss; Ernest Berousek, Stillwater, Okla., Guernseys and Ayrshires.
Swine—Bernard Ebbing, Waterloo, Ia., Berkshires, Yorkshires, Landrace, and open class barrows; Ed Helgens, Monticello, Ia., Durocs, Chester Whites and Poland Chinas; J. C. Hillier, Stillwater, Okla., Spotted Poles, Hampshire and Tamworth.
Sheep and wool—Jack Hampton, Urbana, Ill., sheep; Glenn Thacker, Kansas City, Mo., wool.
Poultry and pigeons—John Skinner, Lincoln, and Alvin Leese, Duart, Ia., poultry; E. S. McSweeney, Phoenix, Ariz., pigeons.
4-H club—Vincent Arthaud, Lincoln, beef cattle; Harvey Swartz and Ernest Berousek, dairy cattle; J. C. Hillier, swine; M. A. Alexander, Lincoln, sheep; R. B. Warren, horses.
Future Farmers of America—Dean Kildee, dairy cattle; Charles Warner, beef cattle; Ed Helgens, swine.

Public Utility Assessment Figures Set

The State Board of Equalization Thursday approved franchise assessments totaling \$4,217,145 to be levied against public utilities doing business in Nebraska, an increase of \$335,050 over last year's figure.

Also approved by the Board was an assessment of \$250,380 against the Pullman Company. This is figured on a property-basis rather than a franchise basis.

Due to more railroads buying their own cars, the Pullman Company reported a decrease of 17 in the number of light-weight cars it now owns, which was reflected in the \$40,050 drop in its assessment under last year.

Public utilities taxed on a franchise basis include gas companies, city transit lines, pipeline companies, telephone companies, railway express and Western Union.

Six Firms Called
Six electric membership companies, also taxed on a franchise basis, will be called before the Board Tuesday to explain whether their physical plants are equally assessed. These are the Midwest Electric Membership Corp.; Niobrara Electric Association, Inc.; Niobrara Valley Electric Corp.; Panhandle Rural Electric Association; Rural Electric Company, Inc., and South Central Membership Association.

In addition to hearing the electric membership companies Tuesday, the Board will hear county assessors from Blaine and Thomas counties who have been asked to explain their valuation schedules for 1958.

Originally ordered to appear before the Board July 24, State Tax Commissioner Fred Herrington said the Blaine and Thomas county assessors also act as district court clerks, and as such, will be busy with court duties on that date and requested the earlier hearing.

Major public utility franchise assessments approved by the Board included:

U.S. MIDEAST ERRORS BRING CRISIS TO WEST

By MARQUIS CHILDS
United Features Syndicate

Paris — The disaster in Iraq, coming as the latest and perhaps decisive blow to the position of the western powers in the Middle East, is certain to put a new strain on the western alliance.

In the De Gaulle government here and in the Macmillan government in London are the principal architects of the policy of October, 1956, which led to the British-French-Israeli attack on Egypt. These men have convinced themselves that it was American intervention on the side of Egypt—combined with threats from Moscow to send rockets against west European capitals — that frustrated the attack on Egypt and thereby saved President Nasser whom they had hoped to overthrow. While they are publicly discreet, in private they trace the subsequent disasters to failure to topple Nasser which they blame largely on the United States.

But the western view of Nasser as subservient to Moscow and the objectives of Moscow is, as this reporter can assert on the basis of information from western observers in Moscow, not shared by the masters of the Kremlin. They went all out to give him the full treatment in the course of a state visit to the USSR, yet in response he showed considerable restraint and reserve. More important, shortly after he had returned to Cairo, he went to Yugoslavia to visit Marshal Tito who had just come under violent renewed attack from the Kremlin and of the satellites and Red China.

Nasser joined with Tito in appealing to the two big power blocs to compose their differences. Western diplomats believe this infuriated the Kremlin.

Not Red Movement

What this signifies, in the view of one observer, is that "Communism" and Soviet influence are too simple an ex-

planation for Nasser and what is happening in the Mideast. The Communists are fishing in these troubled waters, conspicuously in Yemen, and it is hardly necessary to add that they are overjoyed at the explosion of the Baghdad pact. But the force of fanatic Arab nationalism, a force consistently underestimated by American policymakers, must be given a high place in any reckoning of the tragedy that now seems to be approaching a terrifying culmination.

In Moscow this reporter was told by a western diplomat with close Mideastern connections that shortly before Nasser left on his Russian visit he received the American ambassador to Cairo, Raymond Hare, who is reported to have given him broad assurances, including the suggestion of a greatly expanded aid program. This diplomat explained Nasser's restraint while in the Soviet Union in large part by promises that had, in effect, been given to him.

It is pertinent perhaps to ask how much credence was put in any assurances that Nasser may have given in return. But if there is to be a really thoroughgoing investigation of American foreign policy, as is suggested in Washington dispatches, cause and effect in relation to the current disaster must be traced back much further.

Europe Blames U.S.

While again it is concealed by the polite surface, many knowledgeable Europeans blame the United States for Nasser. They believe it was American policy and to some extent American intrigue that helped to overthrow Mohammed Naguib and

Stanton Delaplane's POSTCARD

The wine grape harvest is nearly here. And in the valleys north of my home, the vine leaves are green and gold with grapes.

I am invited to come up and help them jump on grapes this fall. And they couldn't have asked a wrier fellow.

I am a member of the Confrerie des Chevaliers du Tastevin. This translates directly as the Brotherhood of Knights of-Wine-tasting. It is a French society, dedicated to scoffing the wines of Burgundy.

I am not sure of my part in this affair. But I was duly elected after making a Knightly speech at our annual meeting at Nuits-St. George.

One thing we learn at Knight school is to chew our wine. We must chew it like a rabbit—you know, you wiggle your lips and your nose. Then you eject it.

At the cellars in Nuits-St. George, we eject it on the floor.

You chew and chew. (Closing the eyes while chewing is more impressive.) You may then comment:

"Smooth to the palate and you can taste the grape." (Safe comment.)

"Slightly past its maturity

install Nasser in his place. American diplomats were apparently convinced that "they could work with" Nasser more closely than with Naguib who is still under house arrest in Egypt. Naguib's overthrow took place in April, 1954, and disillusion came almost at once as Nasser launched his campaign of militant nationalism with virulent attacks on the "imperialist" powers.

Little more than a year after he came to power, and this in any realistic inquiry into American foreign policy is the central development, Nasser made his arms deal with Moscow. At the time of the Summit Conference at Geneva three years ago Secretary of State Dulles had information about that deal. But in the atmosphere of good will generated there President Eisenhower failed to confront Khrushchev and Bulganin, who was then premier, with a request for information on what this signified and what Russian intentions in the Mideast were.

Since Geneva the story has been one of almost continuous drift, with each new calamity bringing closer the threat of unmitigated disaster. For America's European allies, dependent on the oil of the Mideast to exist, the showdown is close.

but retains the glory." (For odd-numbered years before 1950.)

"Shows all evidence of becoming a grand vin. But we must wait until next year." (Anything after 1956.)

"A surprising grape. Not distinguished but unusual for ordinaire." (Anything you don't recognize by the label.)

"Beaucoup de bouquet!" (The French gambit.)

Oh, we have wonderful sayings when we Knights get together. Belting the red and cutting up touches on the grapevine.

We talk about temperatures. And why fish prefer to be eaten with white wine.

I imagine they would give us Knights helmets and armor. Except it would be hard to drink wine through the visor.

Anyway, I intend to wear my ribbon when I go up to caper on the grapes.

When I splash among the Sauvignon and trample on the Traminer.

A barefoot Bacchus with vine leaves in the hair and a ribbon in the buttonhole. A Knight to remember.

States' Rights Bill Passed By House

... Slap At Supreme Court Decisions

Washington (AP)—Ignoring veto threats, the House Thursday passed a bill designed to prevent the Supreme Court from knocking out state laws not in direct conflict with federal laws on the same subject.

The bill, cleared by a roll call vote of 241-155 after 3 days of debate, now goes to the Senate where indications were it wouldn't be nearly so popular.

There were predictions during House debate that the states' rights measure would be vetoed if it gets to President Eisenhower's desk, since the Justice and Labor Departments have opposed it.

Republicans Back It

The bill was introduced by Rep. Howard W. Smith (D-Va) on the opening day of Congress last year and was approved by the House Judiciary Committee last month by a split vote. It had the backing of Southern Democrats and most Republicans. They said it was necessary to preserve the constitutional rights of State Legislatures.

Opponents called it an open invitation to State Legislatures to enact laws removing the teeth from federal statutes dealing with labor, civil rights, railroads, agriculture and integration.

This contention was denied emphatically by proponents, who beat off all efforts to

limit the bill's scope.

In brief, the bill says that unless Congress specifically says so, no federal law shall be interpreted as superseding state laws on the same subject unless the state act is in direct and positive conflict with the federal law and the conflict cannot be reconciled.

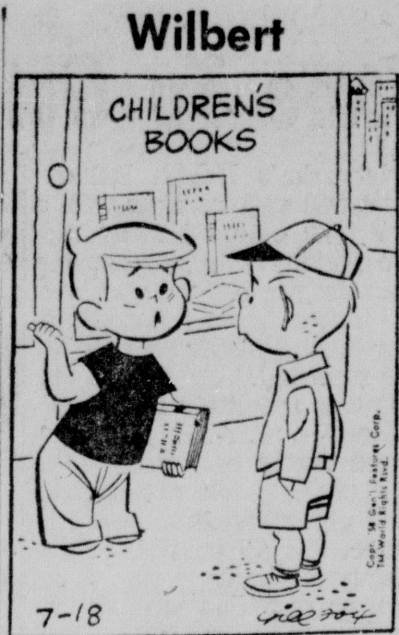

Contractors Wire Ike Complaint Of Labor Department Project Delays

The Nebraska Highway-Heavy Chapter of Associated General Contractors Thursday sent a telegram to President Eisenhower stating that administration of the Davis-Bacon Act by the U.S. Labor Department is interfering with the orderly progress of federal-aid construction in Nebraska.

The AGC said it probably couldn't expect the President personally to look into the matter, but stated that a wire sent earlier this year to Presidential Assistant Sherman Adams asking a White House probe of Davis-Bacon handling by the Labor Department had been answered by the Labor Department rather than Adams.

The wire said that some Nebraska officials have reported they are experiencing slow and incomplete wage decisions from the Labor Department and that these have delayed federal-aid projects in some instances.

The State Highway Department was engaged in a long controversy with the Labor Department last spring over

"You have to be careful—they can ruin your eyes for television!"

FLOOD LOSSES IN MILLIONS

... In Kansas, Missouri

By United Press Int.

New rains fed the flood waters covering thousands of rich farm acres in Kansas and Missouri Thursday and farmers began counting their losses in the millions of dollars.

The flooding rains also began to take a toll of lives. Six persons were killed in a car-truck collision during a heavy rain storm near Wamego, Kan., Thursday. Earlier, a 6-car smashup on rain-washed U.S. 66 near Edgewood, N.M., killed one woman and injured 11 persons.

Hundreds were still homeless in Fort Scott, Kan.

In southwest Missouri, the Sac River followed the pattern set by the Grand River Wednesday and swirled far over its banks.

The Grand continued to rise in the Chillicothe, Mo., area, where damage was estimated at \$1,700,000.

Refused Discussion

Stating there are instances where documentary evidence composed of wage rates paid on similar projects in the area are being ignored, the AGC charged the Labor Department has refused to discuss significance of the evidence by mail and refused or neglected to answer telephone calls pertaining to it.

State Engineer L. N. Ress told The Star Thursday night that the Highway Department has not had any trouble with the U.S. Labor Department since a "ruckus" early last spring about an interstate project in the Omaha area.

"I've been getting everything I want since then," Ress said, "and I hope it continues."

State Aeronautics Director Rolland Harr and Verne Pangborn, hospital division chief of the State Health Department, could not be reached for comment.

MADAME CHIANG BLAMES RUSS FOR MIDEAST CRISIS

Washington (AP)—The first lady of Nationalist China Thursday blamed Soviet Russia for the Middle East crisis. She said the Soviets made that area serve Communist purposes "by whipping Arab nationalism to a blind excitement."

Madame Chiang Kai-shek made the statement in a prepared speech to the National Press Club on the "Continuing Challenge of Communism."

She recalled that one of the predictions Soviet Prime Minister Nikita Khrushchev made in 1956 was that the West would be booted out of the Middle East. Iraq, she said, became a victim of international Communism and "what happened in Iraq cannot but whet the appetite of the voracious Russian bear."

Should Jordan and Lebanon also go Communist, Israel's position would become untenable, she said.

Tau Phi Lambda Head Honored At Luncheon

Mrs. Ruby Jean Zillikan, of Michigan, national director of the Tau Phi Lambda sorority of the Supreme Forest Woodmen Circle, was honored at a luncheon.

Other honored guests included Mrs. Florence Jensen, national president of the Woodmen Circle, and her husband, Tom Jensen; Mr. and Mrs. Harry C. Safford; Mrs. Ruth K. Marhenke, Nebraska state manager of the Woodmen Circle, and Mrs. Beverly Wasser, president of Sigma chapter in Lincoln.

LAST OF HANSEN QUADS IS DEAD

Mankato, Minn. (AP)—Rebecca, last of the Hansen quadruplets, died Thursday.

She was the first of the 4 girls born here July 6 to Mr. and Mrs. Gerald Hansen. Two died that night and the third died 2 days later.

Rebecca had been in an incubator since birth.

The infants, weighing about 2 pounds each, were 2½ months premature.

Expires September 15, 1958. Mail all coupons to: Lemonade, P.O. Box 700, Ontario, California.

Russians March On U.S. Embassy

Moscow (UPI)—More than 2,000 Russians marched on the U. S. Embassy here Thursday shouting condemnation of American landings in Lebanon.

The crowd, described as good-natured by embassy employees, yelled: "Hands off Lebanon—shame on American colonialism." It also called upon U.S. Ambassador Llewellyn Thompson to come out of the 10-story building to explain U.S. "aggression."

"We want the ambassador," the demonstrators, mostly Russian youths, shouted. However, Thompson and his staff continued to work inside the building and only a few embassy personnel watched from the upper windows.

The demonstration began at 4:20 p.m. and continued for several hours before it petered out.

It was the 4th time in a month that the Russians had staged protest demonstration against Western embassies—something never known in the Soviet Union before the Suez invasion in 1956.

A few youngsters succeeded in climbing the embassy fence and stuck "Hands Off Lebanon" placards on the embassy windows before police pushed them back.

Traffic continued down the wide boulevard in front of the embassy and several members of the embassy staff walked in or out of the building without being disturbed in any way.

Protest In Rome

Rome (AP)—Several hundred demonstrators protesting Western troop landings in the Middle East clashed with police Thursday outside the Italian Foreign Ministry and the U. S. Embassy.

More than 200 policemen kept the crowd 200 feet or more from the embassy. In the 15-minute battle there police charged repeatedly into the crowd with clubs. No serious injuries were reported.

Nasser Notes Sent Leaders Of 3 Nations

Cairo, Egypt (AP)—President Nasser sent personal messages to Prime Minister Nehru of India, President Sukarno of Indonesia, and Premier Chou En-lai of Red China.

A spokesman said acting Foreign Minister Ali Sabry had delivered the messages to ambassadors of the 3 countries for relay. The contents were not divulged, but obviously the notes dealt with the Middle East situation.

Nasser is due home Friday from his 12-day visit to Yugoslavia.

Victim Tortured By Raw, Itch-Crazy Athlete's Foot

"Raw, agonizing cracked-toe itch drove me crazy until I found a new wonder medication. Now I'm happy," writes R. Gray of L.A.

Here's blessed relief from the itching tortures and misery of Athlete's Foot with an amazing new scientific formula called Lanacane Skin Ointment. This stinging, stingless medicated cream kills harmful bacteria germs while it prevents spread of infection. Destroys Athlete's Foot fungi on contact and so speeds healing of raw, cracked toes. Don't suffer another minute. Get LANACANE today at all druggists.

This Oklahoma State Health Department chest x-ray mobile unit is similar to the one Nebraska's State Health Department will soon have to tour the state.

This is Nebraska's present mobile unit for chest x-rays, soon to be replaced by the trailer-type unit. The old unit will be retained for use on a supplemental basis.

Federal Military Units Cannot Pay State Cigaret Tax

United States government military units must not pay Nebraska's cigarette tax, but members of the Nebraska National Guard are required to pay this tax, the attorney general has ruled.

The opinion was requested by State Agriculture Director Ed Hoyt.

However, this opinion continued, the law is well established that a state may not tax on the activities of or sales to the federal government or on one of its agencies.

However, the Nebraska National Guard is an agency of the state of Nebraska and as such, is subject to payment of a license tax such as the cigarette tax in the absence of any exemption under the laws of the state.

This situation ends, however, when the guard is incorporated into the military forces of the United States, the opinion concluded.

Clarence S. Beck, attorney general, and Homer L. Kyle, assistant attorney general, signed the opinion.

Man, 52, Pleads Guilty To Bad-Check Charge

Donald M. Sommers of Huskerland pleaded guilty in Lancaster District Court Thursday to a no-account check charge.

Judge Paul White deferred sentencing pending an investigation of the case by the Adult Probation Office. Sommers, 52, is charged with issuing a \$10 no-account check June 8.

India Gets Frigate

Cowes, Isle of Wight, England (AP)—India's Navy this week accepted the British-built anti-submarine frigate Khukri (Knife). It carries a crew of 140, was launched in November, 1956.

State To Get New Mobile TB X-Ray

Nebraska's Health Department will step out soon with a new type of chest x-ray mobile which is less expensive than the present type, as well as larger and safer, State Purchasing Agent Tom Coffey has reported.

Coffey and State Health Director Dr. E. A. Rogers have found that a new trailer-type unit can be built which gives several additional feet of space, has all possible safety standards built in to guard against radiation hazards, its own portable generator, and the truck to haul it, for less than the cost of replacing the present type.

The Department's present x-ray mobile outfit is all in one unit and would cost approximately \$32,000 to replace. The trailer-type unit, its truck and generator will cost "considerably" under \$25,000, Coffey said.

Replacement of the present unit is necessary, Coffey said, because it has been in service for "many, many years" and has just about served its usefulness for touring around the state.

The portable generator on the new unit will make it possible to cover areas not heretofore visited, the state's purchasing agent said, who explained however, that it still is most suitable to use

Not Welcome

London (AP)—The man who founded and led Jordan's famed Arab Legion before he was ousted by King Hussein in 1956 said most Arabs would not welcome U.S. and British intervention in the Mideast.

Maj. Gen. Sir John Bagot Glubb said in a London TV interview that while Arabs don't want to be dominated by Russia they "are very much fed with this propaganda to create hatred for the West and there is therefore no doubt the majority will not welcome western intervention."

SEVERE WEATHER WARNING UNIT

The Only Electronic Storm Warning Unit—Available to the Public!

Not a gadget - Not a Barometer, but a proven, field-tested electronic instrument.

Tornado! Nature's most feared phenomenon. More destructive than an atomic bomb . . . more powerful than a thousand locomotives. And, what is man's best defense? Advance Warning!

Time . . . time to take the necessary precautionary steps to protect your home and family. SFERICS Severe Weather Warning Unit has been proven to give you that all-important factor, TIME, in case of a tornado!

Specifically designed for use in the home, SFERICS Severe Weather Warning Unit is also a fine six-tube radio for your listening enjoyment as well as a silent sentinel Storm Alarm for your protection.

The moment you tune your SFERICS to the alarm position, it's silently scanning a 40-mile radius keeping you electronically posted on thunder-storm intensity in the area.

Over 3 years of intensive field testing and research have proved SFERICS' effectiveness. So much so, that it has already been made an integral part of Civil Defense and Storm Warning Units throughout the midwestern tornado area.

Rest easier during storm weather! See your SFERICS dealer today.

Silently Scans a 40 Mile Area!

NEWS FROM EVERYWHERE THIS AYEM

—there is news from every-where this morning—and we find it all very interesting from the beginning—the arrival of guests on Thursday evening—to the end—a dinner club party on Saturday evening. In between are homecomers, travelers—a family reunion and such and things.

—our visitors who came last evening include Mrs. Will Raymond of Kerrville, Tex., formerly of Lincoln, and her son-in-law and daughter, Mr. and Mrs. Monroe Gleason, also of Kerrville, who are Thursday-night-to-Saturday house guests of Dr. and Mrs. J.E.M. Thomson.

Mrs. Raymond and Mr. and Mrs. Gleason stopped off in Lincoln en route to Minnesota.

—the guests from Texas, however, do not close the books on Dr. and Mrs. Thomson's house guest activity—We hear that the next contingent will be arriving next Thursday—Prof. Dr. Carlo Kallio of Helsinki, Finland, who has visited Lincoln before—and Prof. Dr. Aulis Korhonen of Helsinki and Pori, will spend a short time in Lincoln en route to medical meetings which they have been invited to attend—one in Hawaii—another in Japan, and a third of Aus-

tralia.

—today Mr. and Mrs. George H. Lemon and their son-in-law and daughter, Mr. and Mrs. Stanley Maly, Jr. and their family, will go to Columbus to join members of Mrs. Lemon's family at a family reunion.

The reunion group will include, in addition to those from Lincoln, Mrs. Lemon's brother and sister-in-law, Mr. and Mrs. Jack Warrick, Jr.; their son and daughter-in-law, Mr. and Mrs. Jack Warrick, III, and their daughter Debbie, all of Meadow Grove; Mrs. Lemon's brother-in-law and sister, Mr. and Mrs. Charles Deuser, and their son and

daughter-in-law, Mr. and Mrs. Richard Deuser, all of Omaha.

—someone told us that Holiday Hardy, who had been spending several months with her father, Philip S. Hardy, left with her mother last Saturday to return to California.

—those homecomers we mentioned several paragraphs back are Mr. and Mrs. Elery Hall Davis who have returned from a few days relaxation at Hackensack, Minn. The main objective for the trip to Minnesota was a visit with their daughter, Miss Pam Davis, who is at Camp Holiday, near Hackensack.

—a summertime activity for the members of the Gay Nighters Club always is the naming of new officers—and the election of new members.

This morning we learned that the Gay Nighters official staff for the 1958-59 season will include Mr. and Mrs. Foster Woodruff, president; Mr. and Mrs. Paul Blumer, vice-president; Mr. and Mrs. Robert Sherwood, secretary, and Mr. and Mrs. Howard Jensen, treasurer.

The 10 new member couples added to next season's roster are Dr. and Mrs. Rich-

ard Wieland, Dr. and Mrs. Henry Cech, Mr. and Mrs. Allan Casari, Mr. and Mrs. Jerry Desmond, Mr. and Mrs. Don Hamann, Mr. and Mrs. Jerry Merritt, Mr. and Mrs. William Olson, Mr. and Mrs. Edwin C. Perry, Mr. and Mrs. William Sieboldt, Jr., and Mr. and Mrs. Jerry Solomon.

—according to our grapevine a Minnesota-bound caravan will be leaving on Saturday morning—headed for Breezy Point and the Bankers' Life agency convention.

Invited guests and agency members who will be on their way this week end include Mr. and Mrs. John H. Ames, Mr. and Mrs. James Ackerman, Mr. and Mrs. Harry Seward, Mr. and Mrs. Robert Jackson, and Edgar Wescott.

The president of the company, George B. Cook, will attend the convention and will be joined at Breezy Point by Mrs. Cook who already is in Minnesota—at the Cook's summer home, Longville, Minn.

—also leaving on Saturday morning for the convention at Breezy Point will be Dr. and Mrs. Lee Stover, who, following the meeting will go on to Boulder Junction, Wis. where their daughter, Kathy, who is attending

Camp Fiesta, will join them for the trip home.

—on the calendar for Saturday evening is the party planned by Mr. and Mrs. Eugene Gessner for the members of their dinner club. Members of the group who will be present include Mr. and Mrs. James Irwin, Mr. and Mrs. Jack Phillips, Mr. and Mrs. Mike Lawlor and Mr. and Mrs. Dick Wagner.

—a news flash from California tells us that Mr. and Mrs. Ted Barger and their son, Matthew, of Menlo Park, Calif., will be arriving around Aug. 1, for a 10 days visit in Lincoln. Mr. and Mrs. Barger (Mary Janet Reed) and their son will be the guests of Mrs. Barger's parents, Dr. and Mrs. E. B. Reed—and Mr. Barger's parents, Mr. and Mrs. Ted E. Barger.

—we'll close the books with some news from the Stork Airlines—It has to do with the arrival of Mary Catherine Frech on Tuesday July 15. The young lady is the daughter of Mr. and Mrs. Robert Frech of Brawley, Calif. and her mother is the former Marcia Mahn, daughter of Mrs. Clarence Mahn of Lincoln—and Kappa Kappa Gamma at Nebraska. Dr. and Mrs. E. H. Frech are the paternal grandparents.

SUBURBIA

We're dropping in on South Hills and Kessler Heights friends this morning—via the telephone—and will become acquainted with residents in the Fiene Heights area which we have added to the Friday's suburbia news.

FIENE HEIGHTS

A Lincoln family who recently moved into the Fiene Heights suburb are Mr. and Mrs. Fred T. Witt and their children whose new address is 4110 Fiene Blvd. The younger generation in the family include Sharon, who will be a senior at Lincoln High, George, aged 10, and Freddie, who is four years old.

An item of particular interest to the suburb this morning concerns the Robert Newell family who, incidentally, settled in Fiene Heights early this summer. Mr. and Mrs. Newell, with their daughters, Barbara and Judy, motored to Colorado on Tuesday for the wedding of their son, Robert V. Newell and Miss Shirley Newman which will take place on July 20, at the St. John's Lutheran Church in Fort Collins, Colo. Judy and Barbara will be among the bridesmaids at the early afternoon ceremony.

Following their visit with Miss Newman's parents, Mr. and Mrs. Claude Newman of

Fort Collins, the Newell foursome will enjoy a short vacation in Colorado.

SOUTH HILLS

Home again following a two-weeks trip are Mr. and Mrs. Alvin Freeman and their children, Robin and Ronald. The family spent a week at La Crosse, Wis., where they visited Mr. and Mrs. Elmer Grossman and from there they motored to Ray, Minn., to vacation at the Northern Lights Resort.

And driving to South Hills on Tuesday were Mr. and Mrs. Carl Gustafson of Cozad who were house guests of their son-in-law and daughter Mr. and Mrs. Ted Thompson and their sons, Bruce and Scott.

Heard that Mrs. H. H. Schomburg of Cedar Rapids, Ia., was in the suburb last week and visited at the home of her son-in-law and daughter, Mr. and Mrs. Keith Christensen and their children, Mike and Jon. Mrs. Schomburg was en route home from Kent, Wash., where she visited her son-in-law and daughter, Mr. and Mrs. Charles Strubbe.

KESSLER HEIGHTS

Mr. and Mrs. Emmett Taylor and their son, Dennis, had as their guest last week Mr. Taylor's mother, Mrs. E. J. Taylor. The visitor re-

turned to her home in Des Moines, Ia., on Tuesday.

Introductions are in order this ayem for T. Sgt. and Mrs. Erwin Robert Whitcher and their daughter, Maryann, who were welcomed last week when they began the trials and tribulations of settling in their home at 2533 Kessler Blvd. The members of this family threesome are not new to Lincoln, however, as they formerly resided at 3930 Lewis Ave.

Dear Abby . . .

Strike One Mother-In-Law!

Abigail Van Buren

DEAR ABBY: I am 22 years old and my husband is 24. We've been married three years and have two children and one on the way. My mother-in-law had the nerve to call and ask me to bake six pies for the bakery booth for her church bazaar. I told her my ankles were swollen and I'd be glad to buy six pies. She said she didn't want store bought pies she wanted home-baked pies, so I told her I was very sorry but that was the best I could do for her. She hasn't been civil to me since. Do you think I was unreasonable or was she?

DUE IN JULY
DEAR DUE: Your situation is understandable and your mother-in-law was unreasonable. Six pies is a lot of crust!

DEAR ABBY: My 16-year-old daughter wants to be a model. She works at it literally hours every day brushing her hair, doing her nails, exercising and measuring herself. I haven't said much about it because I hoped

she'd outgrow the idea. We are a respectable family, Abby, and I would like to know if you think respectable girls go in for modeling? They sometimes are asked to model: bathing suits and underwear. Her father is an elder in the church and if his daughter modeled underwear in front of men he would have a stroke. Also, what are her chances for staying good in this line of work.

DISTURBED
DEAR DISTURBED: Modeling is a very respectable profession. Mrs. Kelly's little girl Grace did it and she stayed "good" enough to marry a real live prince.

DEAR ABBY: Once in a blue moon my wife breaks down and invites my business friends over for dinner. She thinks just because she goes to the trouble of making a company dinner she has to invite her mother and father, too. I wouldn't mind so much but her mother has a very big mouth and takes up the whole evening talking about

everybody in town. This makes a bad impression on my bosses. Don't you think my wife should consider me a little and leave out her parents when I have my bosses over? She admits her mother is a blabber-mouth, but doesn't want to hurt her feelings. HENPECKED

DEAR HENPECKED: Settle the argument and spare your wife's feelings by taking your bosses "out"—once in a blue moon.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

Plan Reunion

Mr. and Mrs. Walter L. Davis will be host and hostess next week at a family reunion beginning on Monday and extending through Thursday when their children and grandchildren will arrive in Lincoln for short visits.

Coming from out of town will be their son, Max Davis, Mrs. Davis and their children, Roger and Gordon, of Garden Grove, Calif.; their daughter, Mrs. Jack Scanlon (Martha Davis), Mr. Scanlon and their four sons, Jack, Dick, Tom and Mark, of Hamilton, O.; and their daughter, Mrs. Art Parchen (Marilyn Davis), Mr. Parchen and their daughters, Patty and Peggy, of Prairie Village, Kan.

During the reunion, the first time in 12 years that the family has been together, Patty Parchen and Jackie Scanlon both will celebrate their eighth birthday anniversaries and will be honored at a family dinner on Tuesday evening.

Save Your Roses from Black Spot—with

ORTHOCIDE

Garden Fungicide

Mrs. Peter C. Paul of Philadelphia says, "The only rose spray that has ever effectively knocked out black spot in roses is ORTHOCIDE."

Here's why:
• Acts as preventive
• Also cures after infection
• Longer protection because of excellent residual action

ORTHOCIDE is also highly effective against certain flower blights; brown patch of lawns; damp-off of bulbs, seeds and cuttings; and certain diseases of vegetables and fruits.

ORTHO

Had Evening Ceremony

MRS. DALE E. RUNGE

At an early evening ceremony solemnized on Sunday, July 13, Miss Darlene Ruth Poe, daughter of Mr. and Mrs. Leonard Poe of David City, became the bride of Dale E. Runge, son of Mr. and Mrs. Walter Runge of Lincoln. The Rev. Arthur Crisp read the lines of the 6:30 o'clock service at St. Paul Evangelical Reformed Church in the presence of members of the family and a small group of friends.

The maid of honor and bride's only attendant was Miss Jolene Muller of Surprise who wore a full-skirted frock of white nylon sheer over pink taffeta. Her accessories were white and she

carried a nosegay of blue-tinted carnations.

Donald Runge served as best man.

For her wedding, the bride chose a gown of white embroidered organza over blue taffeta fashioned in the ballerina length. Re-embroidered scalloped edged the squared neckline of the short-sleeved bodice, and the full skirt was sashed with taffeta draped into a flat bow at the back. Her short veil of illusion was held by a crown of sequins, and she carried a rounded bouquet of pale pink carnations.

Upon their return from a wedding trip to the Black Hills, Mr. and Mrs. Runge will reside in Lincoln.

The Brides Book

Revealing plans for a mid-September wedding is Miss Ann Douglass who has chosen Saturday, Sept. 13, as the date for her marriage to Lt. Robert Read Kelley. The noon ceremony will be solemnized at St. Teresa's Church.

Mrs. J. M. Calder Jr., and Mrs. Carl F. Botsford will entertain at a luncheon honoring the bride-to-be on Wednesday, July 23. The affair will be held at Tillman's Plaza, and during the afternoon a one-gift shower will be presented to the honoree.

Miss Roberta Mayberry, Phi Mu at Nebraska Wesleyan University and daughter of Mr. and Mrs. Robert C. Mayberry of Omaha, this morning is announcing the members of her bridal party for her marriage to Norman R. Marsh of Archer, student at the University of Nebraska College of Agriculture.

The wedding will take place on Saturday, Aug. 23, and the service will be solemnized at 7:30 o'clock in the evening at Countryside Community Church in Omaha.

Miss Connie Tatman, of North Platte will attend Miss Mayberry as maid of honor, and the bridesmaids will be Miss Mary Ann Lundeen of Minden, and Miss Janice Olney of Neligh. Lighting the candles will be Miss Dianne Marsh of Ravenna, niece of the bridegroom-elect, and Miss Marjorie Mayberry, Omaha, sister of the bride-to-be.

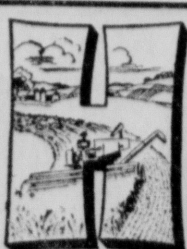

Serving his brother as best man will be Wayne Marsh.

The Young Set Has A Whingding

There are various ways to welcome a homecomer, but none quite so exciting as the welcome-home party for Mary Therese Reeder, daughter of Capt. and Mrs.

John Reeder, who has just returned from Chillicothe, Ill., where she spent several weeks as the guest of her grandmother, Mrs. Bernice Reeder.

A group of the four year-old Mary Therese's contemporaries were invited for a Thursday afternoon party in honor of the homecoming—but we're quite sure that a pony and cart was far too enticing for all of the small-fry to abide by Emily Post rules in the matter of invitations. Anyway, it was a most successful afternoon as even Cha-Cha, the Reeder's Boxer, would admit.

In the picture, front row, are Nancy Umphreys, Mary Therese Reeder (the driver), Theresa Skinner, Roxanne Perry, Curtis Hudkins, Randy Talbot, Joan Fulmer-meier, Lorie Edstrom, Barbara Crittenden, Barbara Lien and Stephanie Hudkins.

In the back row are Taffy Donahue, Timmy Healey, Larry Talbot and David Umphreys. The innocent bystander was not a party guest—we don't know his name, but he had a big day—first the ponies and then the photographer. The adult in the cart is Gayle Parker of course, with, Cha Cha.

Mr. and Mrs. P. H. Bornemeier and their daughters Phyllis and Janet, left recently to return to their home in Seattle after spending two weeks in Lincoln as the guests of Mr. Bornemeier's father, Gust Bornemeier, and other relatives. Numerous informal affairs were given in their honor during their stay in Lincoln.

Mr. and Mrs. Abe Feuerberg have as their house guests Mrs. Feuerberg's brother-in-law and sister, Mr. and Mrs. Harry Feld and their son, Abe, who have arrived from Corpus Christi, Tex., for a two weeks stay.

William C. Mercer of St. Petersburg, Fla., formerly of Lincoln arrived in town the latter part of June for a two-month visit with his son-in-law and daughter, Mr. and Mrs. Russell Ritzman.

2 Chicago Women Tell Probe They Were Threatened Into Joining Union

Dan Leonardi Pointed Out

Washington (AP)—Two Chicago women testified they were threatened with broken bones unless they joined a restaurant workers union.

Appearing before the Special Senate Rackets Committee, they pointed out Dan Leonardi as the man they said told them they might be "pushed down the stairs" unless they signed up. They joined.

Leonardi is a business representative of Local 450, which was described by Robert F. Kennedy, committee counsel, as a shakedown local interested only in feathering the nests of its officials.

The local's recruiting practices were described by Mrs. Beverly Sturdevant, a red-haired hostess, and Mrs. Mae Christiansen, a waitress. They work in the Embassy Restaurant, formerly known as Sramek's, on Cermak Road in Chicago.

Taking Over

President Ed S. Miller of the hotel and Restaurant Employees and Bartenders International Union announced that he was taking over the affairs of Local 450 and filing charges against its officers.

Miller said "we are moving at once to restore the good name" of the union.

Leonardi invoked the Fifth Amendment against self-incrimination and refused to testify about anything material when he was called to the witness stand.

Chairman John L. McClellan (D-Ark) told him the committee had received evidence "that you are a cheap racketeer, hoodlum, muscle man and extortionist." He asked Leonardi whether he wanted to deny it. Leonardi didn't.

Threatened

Mrs. Sturdevant testified that on July 9 an attempt was made to keep her from coming to Washington and telling what she knows about racketeering in the Chicago restaurant industry.

"I was told not to come to Washington—that I should 'get sick' . . . or I could be sicker when I got back," the 28-year-old witness said.

She added she was frightened but was determined to help clean up the racketeering. The FBI is investigating the threat she described and no further details were given to the committee at the public hearing.

Greece Jolted

Salonika, Greece (AP)—A series of earth tremors shook the Salonika area. No casualties were reported, but a dozen houses collapsed and scores were damaged in nearby villages.

HERE IN LINCOLN

Ring Stolen—An engagement ring valued at \$100 was reported stolen Thursday from a show case at Kaufman's Jewelers at 1332 O, police said.

Roper & Sons Mort.—Adv.

Bankruptcy Listed—Edward Scheidt of 910½ Charleston, construction worker, filed a Federal Court bankruptcy schedule listing liabilities totaling \$2,643, of which \$1,807.09 are unsecured debts. Principal items were medical and hospital bills.

Hodgman-Splain Mort.—Ad.

Money Theft—Kenneth Freed and Thomas Neff reported their billfolds were looted early Thursday morning while they slept at the Sigma Alpha Mu fraternity house at 733 No. 16th, police said. Freed reportedly lost \$18 and Neff \$15.

Wadlow's Mortuary.—Adv.

Pot Luck Supper—The Lincoln Council of Christian Business and Professional Women will hold a pot luck supper at their regular monthly meeting Monday at 6:15 p.m. at Peter Pan Park. The speaker for the meeting will be Mrs. George Chenot. Miss Ethel Saxton will lead group singing.

Roberts Mortuary.—Adv.

Ghana Week—Nebraska will recognize Ghana Festival Week Sunday through July 31, according to a proclamation issued by Gov. Victor Anderson. Gov. Anderson said he issued the proclamation in honor of the visit to this country July 23 of Dr. Kwame Nkrumah, prime minister of the African States of Ghana, and on behalf of Americans appreciative of Nkrumah's "splendid display of the Democratic principles."

Hinman roofs. 2-4275.—Adv.

LAFB Remains On Ready Alert

Lincoln Air Force Base officials indicated Thursday that the base would continue on the "ready alert" status it began Tuesday.

Under the "ready alert," 100% of base personnel are on alert, compared with about one-third of the personnel on an alert status during "more normal" times.

Officials said the "ready alert" status has resulted in tighter base security and cancellation of most non-military functions.

Brig. Gen. Perry M. Hoisington, commander of the 818th Air Division, said no tours or social functions will be held on the base as long as the present alert status remains.

Congress Action Could Hike County SS Benefits \$600,000

A possible increase of about \$600,000 a year in old age social security benefits paid to Lancaster County residents will be provided if a bill now before the House Ways and Means Committee is approved by Congress.

According to Associated Press releases from Washington, D. C. proposals now reportedly favored by committee members would mean an addition of 10 per cent, or a minimum of \$5, to present social security pension checks.

In Lancaster County, according to Adolph Silber, district manager for the Social Security Bureau, there are approximately 9,000 persons, who receive a total of \$6,000,000 per year.

If the 10 per cent raise goes into effect an increase of about \$600,000 would occur in the county.

In the 17 southeast Nebraska counties which comprise the local district an approximate increase of \$1,500,000 would go to some 25,000 persons who are presently receiving \$15,000,000.

The total increase for the state, if the bill receives approval would amount to nearly \$6,700,000. At the present, Silber estimated there are 110,000 Nebraskans receiving social security payments which amount to \$67,000,000.

According to the release from Washington the proposed hike in benefits would be financed by increases in both the federal social security withholding tax and the taxable wage base.

Going to move? Then notify the Circulation Dept. so you won't miss your paper. Be sure to give both old and new address.

BIRDS PICK SHOCKING HOME SITE

What do you think of a home without electric lights in this day and age?

Perhaps you think it's for the birds, but a particular group of Lincoln birds are tired of living in the dark, too. So they built their homes in the various letters of the neon sign on Demma Super Market at 48th & O.

According to Louis P. Demma, owner of the food market, the birds have built their nests there for the last several years and seem to stay the year around. Although he has been told that the birds are ruining his neon sign, Demma says he doesn't wish to disturb their nests.

Nebraska City Hatcheryman Files Bankruptcy

A Nebraska City hatcheryman lists liabilities of \$97,849.96 and assets of \$36,740.21 in a voluntary bankruptcy petition filed in Federal Court here.

Ralph J. Barta, who has operated the Barta Poultry Service since 1943 at Nebraska City, lists unsecured debts totaling \$28,438.39 and secured debts of \$68,122.72.

Principal unsecured claims were G. E. Conkey Co., \$11,783.92; Victor Bremer Insurance Co., \$2,895; and Farmers Elevator Co., \$5,177.17, all of Nebraska City.

Listed assets included real estate, \$25,000; inventory, \$4,650; and machinery, \$1,500.

Three books by members of the University of Nebraska's department of educational psychology and measurements have been accepted for publication by Henry Holt and Co., Inc. They are:

"Human Behavior" by Dr. Warren Baller, professor; Dr. Charles O. Neidt, chairman of the department; and Don Charles, associate professor

of psychology at Iowa State University. "Human Behavior and Development: A Book of Readings" by Dr. Baller. "Education of the Gifted: A Book of Readings" by Dr. Joseph L. French, assistant professor.

DAILY CRYPTOQUOTE

Here's How To Work It

One letter simply stands for another. In this example, A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

NO REPORT
ON SOONER
RECRUITING

Kansas City (P) — Walter Byers, executive director of the NCCA, has declined to give an inkling as to whether any complaint about University of Oklahoma football recruiting had been filed with the NCAA.

"In any such situations we neither confirm nor deny there is an investigation," Byers said after returning to his office from a trip. "That's our policy."

He was queried about a report in the Dallas Times Herald that the National Collegiate Athletic Assn. is investigating Oklahoma.

Louis Cox, sports editor of the Times Herald, wrote in his column July 11 that he understood "a typical football fan dug up some things he thought were wrong and forwarded them to the NCAA."

The newspaper said an NCAA investigator plans to check Oklahoma's recruiting of Bobby Boyd, Gene Burks and Karl Milstead, who were Texas high school football stars.

G-Sox Blanked

Amarillo (P) — Jack Hannah gave the Amarillo Gold Sox 4 hits and his Topeka teammates backed him with a 13-hit assault while earning a 7-0 victory here Thursday night in the 1st of 3 game series.

The Hawks scored 2 runs in 1st, 1 in the 2nd, and, in the 3rd to chase starter Jim Russell in favor of Garland Brill. Brill allowed 4 hits and 1 run the next 6 frames before being lifted for a pinch hitter in the 8th.

Three of the 4 Gold Sox hits were collected by Bill Shields with Dixie Upright getting the other. Two of Shields' raps were doubles.

Dodgers Win, 6-2

Pueblo, Colo. (P) — De's Moines' Lou Hribar pitched a 6-hitter and Fran Boniar battered in 4 runs Thursday night as the Dodgers defeated the Pueblo Bruins 6-2 in the opener of a Western League series.

One of the blows off Hribar's no-windup delivery was a solo home run by Dick Bertell in the 3rd inning. But the Dodgers got the run back in the 4th and then shoved 3 more across in the 6th when 4 straight hits and Boniar's 2-run triple sent Pueblo starter John Goetz to the bench.

Aussie Coach Campaigns For Open
Payments To Star Track Runners

Cardiff, Wales (P) — One of the world's top track coaches Thursday campaigned for open payments to star runners such as Australian miler Herb Elliott.

"Track is no more amateur than tennis," said Australian coach Percy Cerutti—the man behind Elliott and 3-miler Albert Thomas.

Elliott has run the world's second fastest mile in 3:57.8 and Thomas broke the world 3-mile record in Dublin July 9 with a clocking of 13:10.8. Both are in Cardiff for the opening of the

British Empire Games—a sports carnival involving 1,500 athletes from 36 countries.

"Running to most of the top men is only a means to an end," the 63-year-old Cerutti said. "Even if they are not paid directly they are given jobs because of their fame or they cash in when they retire. If they don't they must be crazy."

"It is no longer a sport. It is entertainment. Why should an athlete run his heart out for someone else's enjoyment and gain nothing himself?"

Cerutti maintained that running in the Olympic Games or the Empire Games was different. "They run for their country. 'Altogether there is the prestige value of winning a title. But I think they should be able to exploit this openly afterwards."

"What is wrong with a runner whom thousands want to see earning 5,000 pounds (\$14,000) during his career?"

Although the games proper do not start until today, trials were held Thursday in both the 100 and 140

yard dashes.

T. A. Robinson of the Bahamas, had the fastest time in the shorter dash, hitting 9.5 seconds. Among those to qualify were S. Cameron and P. R. Stranger of Canada. Mike Agostini of Jamaica, who competes for Fresno State, a collegian, also qualified. His time was 9.7.

M. C. Spence of South Africa, led the 440 qualifiers with a 47.6 and D.B. Clement and G.A. Shepherd both made the grade for Canada as did Kevin Gosper of Australia, a former student at Michigan State.

Bauer's Triple Paces Yanks

New York Clips
Detroit By 4-2

New York (P) — Hank Bauer smashed a long, 2-run triple in the 6th inning Thursday for a 4-2 New York Yankee decision over the Detroit Tigers.

The league leaders, who have won only 6 of 15 meetings with the Tigers, trailed 2-1 going into the 6th with Billy Hoelt holding a slender edge over Art Ditmar. Elston Howard's home run in the 2nd had been the Yanks' only run and Frank Bolling's 8th homer, following a 4th-inning single by Charley Maxwell, had put Detroit out front.

Howard started the winning spurt with a single to center. Jerry Lumpe's hit-and-run single pushed Howard around to 3rd and Norm Siebern's double down the right field line drove in the catcher with the tying run.

After Tony Kubek fouled out, Casey Stengel went to his Yankee bench and called for Don Larsen to bat for Ditmar. Manager Bill Norman of the Tigers countered by removing the left-handed Hoelt for Herb Moford, a right-hander.

Moford threw out Larsen but Bauer tripled to deep left center scoring Lumpe and Siebern.

Ditmar was credited with his 5th victory one defeat although he wasn't around at the finish.

Brewer, Bosox Top
Kansas City, 6-2

Boston (P) — Tom Brewer, supported by a 5-run uprising and Murray Wall's 9th inning relief, turned back Kansas City 6-2 for Boston Thursday for his 1st victory in more than a month.

In sweeping the 3 game series from the A's, the Red Sox bunched 5 runs and 6 of their 10 hits in a big 5th inning.

Brewer notched his 4th triumph on his 6th try for it but was spelled by Wall after Kansas City collected its 9th and 10th hits in the finale.

With 1 out and runners on 1st and 2nd, Wall got pinch-hitter Whitey Herzog on a grounder to 1st and pinch-hitter Hector Lopez on a soft

liner to shortstop Billy Conso.

Roger Maris belted his 13th homer of the season into the right field seats with the bases empty in the 3rd inning. The other A's marker off Brewer came on a Harry Simpson single and Bill Tuttle's double in the 6th.

Brewer, a 19-game winner in 1956 and 16 game winner a year ago, currently has a 4-8 mark.

Baltimore's Odell
Blanks Chisox, 3-0

Baltimore (P) — Blazing Billy O'Dell, flashing his All-Star game form, pitched the Baltimore Orioles to a 3-0 shutout over the Chicago White Sox Thursday night.

The left-hander limited the White Sox to 9 hits — all singles — while ending a personal 3-game losing streak and boosting his season's record to 9-10.

Billy Pierce, who had a 5-game winning streak going into the game was the loser. He is 9-6 for the season. He permitted 9 safeties, one of them Brooks Robinson's solo home run in the 6th into the left field stands.

Cleveland Homers
Top Senators, 8-3

Washington (P) — With Rocky Colavito socking his 15th and 16th homers and Minnie Minofo his 13th, the Cleveland Indians pulled away to an 8-3 victory over the Washington Senators Thursday night.

Pitcher Cal McLish won his 8th game as he checked the Senators with 8 hits, including 2 singles and a home run by red-hot Roy Sievers.

Sievers' blast with 1 on in the 5th inning was his 24th of the season. His 4th homer in 3 nights, Sievers' drive boosted the Senators into a 3-3 tie.

Dodgers
Tip Bucs
By 5-3

(Continued From Page 15) burch's bid to return to the 1st division by beating the Pirates 5-3.

Stan William, a big rookie right-hander who couldn't make it with the Dodgers last spring, gained his 6th victory in 9 decisions with help from reliever Clem Labine.

Gino Cimoli, playing for sore-legged Duke Snider, produced the 1st Los Angeles run with a 350-foot homer into the left center field seats in the 5th. Don Zimmer socked a 2-run homer for the Dodgers in the next inning and Gil Hodges hit one with the bases empty in the 8th. It was the 6th of the season for Cimoli, the 9th for Zimmer and the 13th for Hodges.

Hank Foiles stopped Williams' string of scoreless innings at 19 by belting a bases-empty homer, his 5th of the season, over the left field screen in the 7th.

Harold Carter Must Take Rest

Seattle (P)—Harold Carter's televised technical knockout at the hands of Nino Valdez in Spokane last week drew him an automatic 30-day suspension in Washington, the State Athletic Commission reported Thursday.

The state's boxing rules insist upon a month's rest for a kayode clouter.

"We're getting wires and letters from all over the country," said Commission Chairman Wilbert Lewis, "asking whether the Carter-Valdez bout ended in a knockout or technical knockout. Actually, the fight was stopped by the referee, although Carter could have been counted out. It was a TKO."

Britain Takes 2-0 European Zone Lead

Manchester, England (P)—England won the opening 2 singles Thursday for a 2-0 lead over France in their European Zone semi-final match in the Davis Cup competition.

Mike Davies of Britain rallied after being 2 sets down and defeated Paul Remy 4-6, 4-6, 6-3, 6-4, 6-1 and Bobby Wilson of Britain defeated Pierre Barmon 6-1, 9-7, 6-3.

The winner of the Britain-France tie will play the winner of the Italy-Poland match in the European final.

Ex-WL Prexy Asks Restriction Of Majors' TV

Washington (P)—Former Sen. Edwin Johnson of Colorado proposed Thursday that Congress legalize an old baseball rule that would prevent major league telecasts from conflicting with minor league games.

Johnson said quick money for ball clubs and advertisers is the root of baseball's radio and TV problems.

He told the Senate antimonopoly subcommittee he wasn't worried at all about the possibility vast sections of the country would be blacked out if baseball were granted power to regulate its TV-radio activity.

Self-regulation is proposed in a house-passed bill that would lift the antitrust laws from many practices of pro

baseball, football, basketball and hockey.

"My fear is that the majors won't go far enough," Johnson testified. "They are not going to black out broadcasts or telecasts at all."

Johnson generally supported the House bill but suggested a 6-year limit on the freedoms it would grant, to determine how the sports bosses would conduct themselves. He also recommended limiting major league clubs to control of 40 players, thus curbing farm systems which he said have "reduced the minor leagues to serfdom."

Johnson is a former governor of his state and former president of the Western

League, one of the top minors. He told the subcommittee headed by Sen. Estes Kefauver (D-Tenn) he is disturbed only about the fate of the minors.

The majors, he said, are going to get along all right.

Johnson said he would be happy if the Senate amended the sports legislation to incorporate a bill he sponsored while in Congress several years ago. This would bar major league telecasts in cities in which minor league clubs are playing.

Baseball once had such a rule but dropped it because the Justice Department held it violated antitrust laws.

Johnson offered a couple

other suggestions. One would require that major league TV revenue be split among minor league clubs whose games had to compete with home television. The majors would get none.

Baseball commissioner Ford Frick, who listened to Johnson's testimony, questioned whether this could be accomplished. He said any division of the TV Money would have to be arbitrary.

Johnson also said congress could test the TV-Radio networks' interest in carrying big league games by taking all restrictions off sustaining baseball programs — those with no paid-for commercials.

Cleveland Inks Missouri's Siebert

Cleveland (P)—The Cleveland Indians said Thursday Wilfred (Sonny) Siebert, a baseball and basketball star at Missouri University, has signed a contract with the club's San Diego farm.

He is outfielder and first baseman, who had a year of college eligibility remaining.

A Tribe spokesman said a "substantial" bonus was paid for the signing. Siebert has been working out here for several days.

It has not yet been decided where Siebert will be given his 1st assignment.

Ball Game Winners. The "Sunday Journal and Star" Sports Section carries a full account.

Giardello Will Fight Fullmer

Salt Lake City (P)—Former middleweight champion Gene Fullmer and contender Joe Giardello will fight in Salt Lake City Sept. 8 or Sept. 10, promoter Joe Dupler announced Thursday.

Dupler said Giardello's manager, Anthony Ferrante, signed a contract for the bout in Denver.

Marv Jensen, Fullmer's manager, previously had signed.

Dupler said he expected the hard hitting Giardello, from Philadelphia, and the perpetual motion Mormon cyclone from West Jordan, Utah, would draw a crowd of at least 15,000 and a gate of \$75,000 to \$100,000.

Four Roses ANTIQUE Kentucky Straight Bourbon

Civil War Bugler
This carved wooden sculpture is representative of the rare masterpieces fashioned by American craftsmen in the late 1860's. 15" high. ANTIQUE Bourbon is distilled with the same degree of craftsmanship.

That old-time flavor is back!

Incomparable. Not in this century has there been such a bourbon. ANTIQUE is mellow as time itself. Know why?

You begin with the best—and you end with perfection. You select the finest, richest bourbon whiskey for the barrel.

You watch over it day and night. You wait out the years for one golden moment—the moment of maturity.

Then and only then do you take it from the oak, pour it into bottles and label it "ANTIQUE." Incomparable.

Marked Jump Of 29% More Cattle On Feed Compared To A Year Ago

The total number of cattle on grain feed in Nebraska as of July 1, is estimated at 457,000 head, or 29% more than the relatively low 354,000 head a year ago, the State-Federal Division of Agricultural Statistics reported.

The marked increase was due to a continuation of heavy feeding by farmer feeders this season. Commercial feeding was nearly on the same level as a year ago.

Marketings of fed cattle from Nebraska during the second quarter of 1958 were up 8% compared with a year earlier. Thus far, marketings have not reflected the increase in inventories as the length of the feeding period is much longer than a year ago when short feed supplies were causing a rapid turnover and heavy marketings from feed lots.

The July 1 number showed a seasonal drop of 24% from the April 1 estimate of 599,000 head.

Shipments of stocker and feeder cattle and calves into Nebraska during April-June this year were up 37% compared to a year earlier. To

3 months are also far above a year ago. Intentions to market are spread rather evenly throughout the next 3 months, 23% in July, 26% in August, and 26% in September.

Number of steers on feed July 1-259,000—were up 75,000 from the 184,000 on feed a year ago. As a percent of the total, the per cent number is 5 points above last year.

Heifers showed a 6 percentage point drop from last year, but the number on feed was up 12% over a year ago.

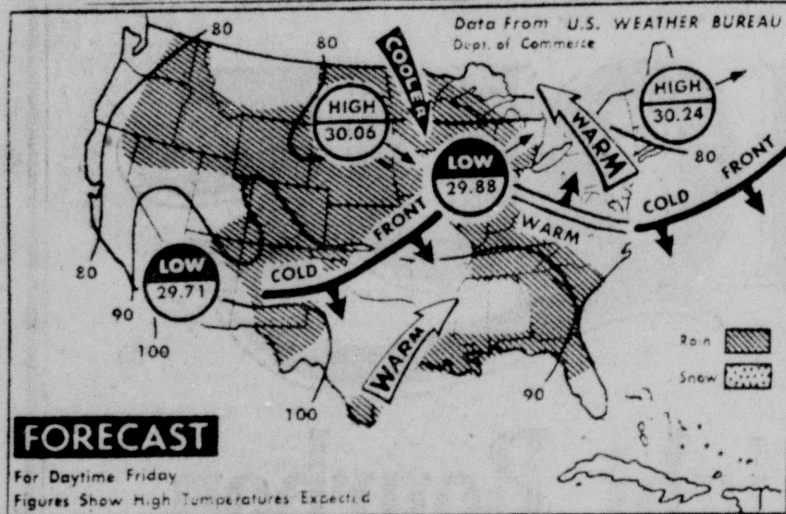

Calves represent 4% of the total, 2 percentage points above last year. Cattle on feed for market in 13 major feeding states on July 1 was estimated at 4,269,000 head, up 16% from July 1 of last year. On April 1 this year, there was an increase of 11% from the number on feed April 1, 1957, but on Jan. 1, 1958, there were 3% fewer cattle on feed than a year earlier.

Nebraska News

get cheap gains most of the inshipments have by-passed the feed lot and have moved to the lush, abundant Nebraska pastures and ranges.

Placements of cattle and calves in Nebraska feed lots of 167,000 head were 7% above the 156,000 placed a year ago.

The number of heavy cattle (over 900 pounds) on feed in Nebraska was up 236% over last year. Cattle on feed over

More Rain Due For Soggy Nebraska

Rain is expected in many parts of the U. S. Friday including the north and central Plains, Lakes area and central Mississippi Valley, Tennessee Valley, the southeast, Gulf coast and in the Rockies and Cascades. It will be slightly warmer over the northeast and the Ohio Valley; cooler in upper Mississippi Valley and northern Plains. (AP Wirephoto Map)

Sexton To Head Fremont Schools

Fremont, Neb. (P) — Lloyd W. Sexton, 46, a former Nebraskaan, Thursday was named superintendent of Fremont public schools. He will take over Aug. 1.

He will succeed Lloyd Te Selle, who left last week to take over as superintendent at Lakeview, Mich.

Sexton has been superintendent at Cherokee, Iowa, since 1955. He served as superintendent at Lyons, Neb., from 1949 to 1955.

Sexton is a graduate of the Orchard, Neb., High School and Wayne State Teachers College and received a master's degree at the University of Nebraska in 1942.

Shenandoah Trial Gardens Go On Display Sunday

Shenandoah, Iowa (P) — A 76-acre display of blooming flowers will be open to the public at the Earl May Seed Co. trial gardens here Sunday.

The veteran seed company said there are 1,794 varieties of flowers and vegetables in their peak of bloom in the display. This includes 804 different varieties of flowers, 90 roses, 81 strains of gladiolus. Seeds from 7 foreign countries are being shown side-by-side with American counterparts.

Saline Historical Group Preparing For County Fair

Lincoln Star Special
Wilber, Neb. — Although the Saline County Fair is several weeks away, the Saline County Historical Society is putting forth every effort to make their booth a focal point of the fair, group officers revealed.

Two glass showcases have been donated by business firms for use during the fair.

500 Register For Nebraska Legion Meet

North Platte, Neb. (P) — Registration for the convention of the Nebraska department of the American Legion and its auxiliary reached about 500 Thursday night.

General sessions get underway Friday morning. Highlighting the session will be a talk by Sam Reynolds of Omaha, former U.S. senator.

The executive committee held an all-day meeting Thursday, with Department Commander C. A. Irvine of Omaha presiding.

Irvine said he felt satisfied with the work of the Legion during the year with the exception of a lag in total membership, which now is about 50,000 in the state.

"Success of the American Legion in Nebraska starts at the local post level," Irvine said. "The state department has 16 different programs and only the very largest posts can undertake many of them. It has been my advice to smaller posts to shoot with a rifle instead of a shotgun and concentrate on one of the 4 main programs — Americanism, child welfare, rehabilitation for veterans and their families, and national security."

Nebraska Central Will Merge With William Penn In Iowa

Oskaloosa, Ia. (P) — The executive committee of the board of William Penn College here has formally accepted the decision of Nebraska Central College, Central City, Neb., a former Friends institution, to merge with William Penn, also a Friends school.

Operation of the Nebraska school, which was founded in 1889, was ceased 3 years ago. The school has been taken over by another denomination since then.

The academic records of Nebraska Central from now on will be maintained by William Penn. The endowment of Nebraska Central will be combined with that of William Penn.

Eugene Follmer, Member NU '02 Grid Team, Dies

Oak, Neb. — Eugene Follmer, 77, lifetime resident of Nuckolls County, died at Superior. He was a resident of Oak.

A graduate of the University of Nebraska, he was a member of the N Club and Alpha Tau Omega Fraternity and the undefeated Nebraska football team of 1902.

He was affiliated with the Masonic Lodge, Eastern Star, Royal Arch Masons, Knights Templar, Tehama Temple of the Shrine and the Veteran Freemasons Assn.

Surviving are 2 brothers, Harry of Oak and Ralph of Green River, Wyo., and 2 sisters, Mrs. Ray Lowery and Katherine, both of Oak.

Suffers Hand Injury

Seward, Neb. — Louis Sedlak suffered a right hand injury when it was pulled into a combine by a belt while he was harvesting. One finger was broken and the others badly crushed and cut, requiring many stitches.

Connie Graham Queen At Sutton

Sutton, Neb. — Connie Graham, 16, daughter of Mr. and Mrs. M. W. Chabburg, of Sutton, was crowned queen of Sutton's Welcome Festival.

Her attendants were Sandra Smith and Janet Grothe.

GOP Replaces Demo In Commissioner Post

Papillion, Neb. (P) — Frank Kostal of South Omaha was appointed to serve as Sarpy County Commissioner from the first district.

Kostal will fill the unexpired term of Will J. McCormick of Bellevue, who retired because of illness. Kostal is a Republican and McCormick a Democrat.

Boy Dies After Heart Surgery

Omaha (P) — Services will be held in Fremont Friday for Melvin Way, 13, who died in an Omaha hospital after heart surgery.

He was a son of Mr. and Mrs. Glen W. Way of Fremont. Other survivors are a brother and 2 sisters.

5 Postmasterships Confirmed By Senate

Washington (P) — The senate has confirmed 5 postmaster nominations submitted by President Eisenhower for Nebraska. They were: Leona A. O'Brien, Alda; Clarence R. Jeffrey, Allen; Clyde Washington, Hardy; Robert D. Pierce, Sumner; and Edward J. Lawyer, Sutherland.

Lightning Rains Delay Harvest Throughout State

Cutting of wheat has been delayed in all areas of Nebraska because of recent evening rains, the State Labor Department reported Thursday.

GOP's Candidates Approve 'Most Comprehensive' Trip

State Republican Nominees and GOP State Chairman Richard E. Spelts Jr., of Grand Island Thursday enthusiastically endorsed what Spelts termed "the most comprehensive campaign caravan ever scheduled" for Nebraska.

At a luncheon meeting in Lincoln, GOP Executive Secretary Marvin E. Stromer presented candidates headed by Gov. Victor Anderson with detailed plans of a 93-county, 140-community fall caravan to be kicked off Oct. 4 at Omaha.

Stromer, 24, of Lincoln, named executive secretary of the state central committee in Oct., 1957, was roundly praised by Spelts for his work in planning the 1958 tour.

"He did an outstanding job," the state chairman said.

The caravan will move Oct. 5th to Lincoln where all candidates and other party officials traveling with the group

will be briefed. From the capital city, the GOP entourage will move in a continuing wide sweep through Nebraska's 4 congressional districts, probing into all 93 counties and making appearances in 140 communities, utilizing television and radio facilities along the way.

The 5,000-mile Republican roundup of votes will end Oct. 31 in Fremont where candidates and officials will participate in a torchlight parade. Election day is Nov. 4.

Stromer will "dry-run" the campaign course next month, Spelts said, arranging luncheons, dinners and other events at the various stopping points. Final arrangements will have been made by GOP state convention time Sept. 15 at Alliance.

Candidates also reviewed campaign literature, billboard advertising and other election apparatus at the Lincoln conference.

able in all areas of the state for cutting which will resume when the fields are dry.

Reports from individual labor department offices includes:

Alliance—Combine camp was opened at Hemingford Thursday. Kearney-Holdrege—Cutting halted by rain. Combine camp at the Phelps County Fairgrounds closed Thursday evening. Harvest information can be obtained from the employment service representatives in the south on Friday. Harvest is 50% completed in the Holdrege area. An adequate number of machines in the area to complete the harvest. Harvest in the Alma area is practically completed. Migration of machines through the area is rapidly decreasing.

McCook—Migration of machines through McCook continues to be heavy. Migration of machines through Beilman also continues heavy with 196 machines through port of entry Tuesday. Harvest in the McCook-Heldrege area and Imperial area halted all cutting Wednesday. Heavy migration of machines in the north and west continues. Many of these are en route to South Dakota.

North Platte—Rain stopped all cutting. Harvest in the area to complete the area will delay cutting 2 days. Light rain in Osallala area. Harvest over 50% completed in the north and west migration of machines through the Grand-Osallala area to north and west areas.

Sidney—One half inch and more of rain in the Chappell-Lordrege. Sidney and Kimball area has stopped all cutting. A good supply of men and machines is present.

Scottsbluff—Wheat harvest is becoming general over most of the area. Combines are beginning to move into the area from the south. Many are going south to commitments in the Alliance and South Dakota areas.

Harry S. Rogers Of York Is Dead

Lincoln Star Special
York, Neb.—Funeral services will be held here at the Presbyterian Church at 2:30 p.m. Sunday for Harry S. Rogers, 71, veteran livestock buyer and owner and operator of a hog market here.

Born and reared in York County, he opened one of the first livestock markets in this county.

Surviving are his wife, Tula; 2 sons, Burton and John, both of York; a daughter, Mrs. Eleanor McClymont of Holdrege; 6 brothers and 7 grandchildren.

Man, 42, Pleads Guilty To Fondling Girl, 11

Chester Summers of 2438 W. pleaded guilty in Lancaster District Court Thursday to a fondling a minor charge.

Judge Paul White deferred sentencing pending an investigation of the case by the Adult Probation Office. Summers, 42, is charged with fondling an 11-year-old girl sometime between June 2 and June 27.

Ask Highway Junction Get Improvements . . . South Of Lincoln

A drive to have improvements made at the junction of Highways 77 and 33 about 11 miles south of Lincoln is being launched by the Salt Valley Grange.

Members of the Grange indicated they consider the warning reflectors now installed at the junction inadequate.

Highway 77 is separated by 2 traffic islands which the Grange claims are poorly lighted at night and confusing. Highway 33 from Crete joins 77 with a stop sign halting traffic on it.

Bridgeport Power Service Restored By Mobile Unit

Bridgeport, Neb. (AP)—Power service was restored at Bridgeport by use of a mobile sub-station transformer from Glendo, Wyo.

The city lacked power for about 21 hours after a fire, apparently caused by lightning, destroyed the Bureau of Reclamation substation. Loss was estimated at \$150,000.

There were no reports of any hardship cases. The hospital used its auxiliary plant.

Formal Okay To Frontier Casper Flight

Washington (AP)—The Civil Aeronautics Board Thursday formally authorized Frontier Airlines to operate a daily round trip flight between Casper, Wyo., and Omaha, Neb.

The flight will serve the intermediate cities of Douglas and Lusk, Wyo., and Chadron, Ainsworth, Norfolk and Lincoln, Neb.

The authority was granted for a period ending 60 days after a final decision in the board's seven states area investigation proceeding, now before the CAB.

The service was requested by the cities involved and by the Nebraska and Wyoming Aeronautics Departments.

Pastor Grummert Named Officer Of Lutheran Synod

Clatonia, Neb. (AP)—Pastor D. Grummert of Sioux City has been elected second vice president of the Nebraska District, Wisconsin Lutheran Synod.

Additional officers were elected after the naming of Pastor Hugo Fritze, Norfolk, as president.

Pastor M. Weishan of Des Moines was elected secretary; Pastor P. Eickmann, Geneva, recording secretary, and N. Koopman of Omaha, treasurer. Named to boards were:

Mission Board: Pastor W. Wichman, Grand Island; R. Brauer, Napier.
Board of Education: Pastor D. Grummert, Sioux City; Pastor P. Eickmann, Geneva; and R. Brel, Norfolk.
Board of Auditors: Pastors W. Wietzke of Omaha, F. Werner of Omaha and J. Martin of Council Bluffs, Ia.

NEW IRAQ REPUBLIC GETS NO. KOREA NOD

Tokyo (AP)—Communist North Korea has recognized the new Iraq republic, Pyongyang Radio said.

The Communist regime also called on the United States and Britain to withdraw immediately from Lebanon and Jordan, the broadcast said.

Before You Diet... THINK!

Do you overeat? Are you thinking of going on a diet? You better think twice before you do. It's more than just cutting down on your food; you need to understand why you overeat. As this article in August Reader's Digest points out, you may even be one of those people doctors say are "better off overweight." Get August Reader's Digest at your newsstand today.

Dakotans' Tour Of SAC Postponed

Omaha (AP)—A tour of the Strategic Air Command's underground control room at Offutt Air Force Base by South Dakota Gov. Joe Foss and 25 companions has been postponed because of SAC's alert status.

A SAC spokesman said the South Dakota group was to have visited the headquarters Thursday, but Gen. Thomas S. Power, SAC commander, telephoned Foss to delay the visit.

The spokesman said because of the alert certain maps and order-of-battle information has been posted in the control room and cannot be shown to visitors.

Bridgeport Power Service Restored By Mobile Unit

Bridgeport, Neb. (AP)—Power service was restored at Bridgeport by use of a mobile sub-station transformer from Glendo, Wyo.

The city lacked power for about 21 hours after a fire, apparently caused by lightning, destroyed the Bureau of Reclamation substation. Loss was estimated at \$150,000.

There were no reports of any hardship cases. The hospital used its auxiliary plant.
